Quran Hadith And Islam:

Quran, Hadith and Islam Dr. Rashad Khalifa, 2010-12-31 After more than 12 years of computerized research of Quran PHYSICAL EVIDENCE was discovered proving that Quran is indeed the infallible word of God This discovery became very popular among the Muslim masses throughout the world and summaries of the work were printed and distributed by the millions My personal popularity soared along with this most exciting and most humbling discovery The continued research then unveiled a startling fact that the extremely popular Hadith Sunna have nothing to do with the prophet Muhammad and that adherence thereto represents flagrant disobedience of God and His final prophet Quran 6 112 25 31 This finding contradicts the beliefs of Muslim masses everywhere Consequently my personal popularity and even the popularity of the Quran s miracle plunged to the point of endangering my life and reputation As it turned out telling the Muslims that Hadith Sunna are Satanic inventions is the same as telling the Christians that Jesus is not the son of God Since the recognition of Hadith Sunna as Satanic innovations is supported by PHYSICAL EVIDENCE all freethinking people will accept the findings reported in this book For such people the results include a totally new sense of salvation and full awareness that the Muslim masses have fallen victim to Satan s schemes *Quran, Hadith, and Islam* Rashad Khalifa, 1982 Understanding the Hadith Ram Swarup, 2002-09 Noted Indian writer and polymath Ram Swarup explores the meaning of Islam through the words of the Sahih Muslim considered by Muslims to be one of the most authoritative of the collections of traditions Arabic Hadith about the life of the Prophet Muhammad Like the Koran these traditions are believed to be divinely revealed by Allah and they complement the verses of the Koran in many cases expanding upon them and explaining the context of their revelation As Swarup notes in his introduction to Muslims the Hadith literature represents the Koran in action stories of revelation made concrete in the life of the Prophet Among the orthodox they are considered as sacred as the Koran itself Swarup is plainly skeptical of the claim that the Hadith literature is divinely inspired In the introduction he says The Prophet is caught as it were in the ordinary acts of his life sleeping eating mating praying hating dispensing justice planning expeditions and revenge against his enemies The picture that emerges is hardly flattering One is left to wonder how the believers generation after generation could have found this story so inspiring The answer is that the believers are conditioned to look at the whole thing through the eyes of faith To them morality derives from the Prophet s actions his actions determine and define morality The Sahih Muslim a massive work consisting of 7 190 traditions divided into 1 243 chapters is hardly accessible to the average reader so Swarup quotes representative selections that touch upon the main tenets of Islam faith purification prayer fasting pilgrimage marriage and divorce crime and punishment religious wars jihad paradise hell repentance and many other features of the religion To non Muslims this work provides many insights into the mindset of the average Muslim who is raised on these traditions about Muhammad It also underscores the gulf that exists between the sanctum of orthodox Islam and an increasingly secularized Westernized world **The Universal Spirit of**

Islam Judith Fitzgerald, Michael Oren Fitzgerald, 2006-04-24 This small beautifully illustrated book demonstrates through quotations from the oldest Islamic sources that Islam respects the prophets and accepts the truthfulness of other religious traditions

Science of Hadith Qazi Fazl Ullah, 2015-10-07 Hadith is an important aspect in understanding Sharia and a complicated one It is the second source of Islamic Sharia It is an interpretation of the Book of Allah by the Messenger of Allah It is a very difficult science as it is based upon narration who narrated it and how it was narrated In this book we tried to make it as simple as we can but it is a service that is studied by the students of Quran and Sunnah at the Master or Ph D level

Introduction to Islam Zahid Aziz, 2015-04-16 There has been a great demand for a booklet to introduce younger people to the teachings of Islam in fairly simple language The Ahmadiyya Anjuman Isha at Islam Lahore has over the past decades produced a range of excellent works dealing with all aspects of Islam This literature has been widely appreciated and acclaimed as meeting the needs of the present times both for teaching Muslims and for presenting Islam to the world generally It has been felt for sometime that the wonderful knowledge contained in these comprehensive works must be made more readily accessible to younger people by presenting it at an introductory level in simpler language This booklet has therefore been prepared to satisfy these requirements All the basic doctrines and practices of Islam have been covered supplemented by information about the Holy Quran Hadith and the moral teachings of Islam No prior knowledge is assumed The question answer format used it is hoped will make the booklet more interesting than would be the case with a descriptive approach There are abundant direct quotations from the Holy Quran throughout with full references In some places the teachings of Islam are elaborated in general words without direct quotations or specific references as this was not considered necessary in those cases in an introductory booklet of this kind For further reading on any point or fuller explanation the writings of Maulana Muhammad Ali should be consulted In any case as younger readers advance in their knowledge they would be expected to move on to these standard books

Hadith Siraj Islam,Abdur Rab,2019-12-10 For centuries the majority of Muslims have been revering the Hadith corpus as a second source of religious guidance and law in Islam after the Quran However the Hadith never enjoyed unquestioned scriptural authority The challenges to its authority were strong and widespread in early Islam and are even more pronounced in modern time This book is a systematic attempt to chronicle these challenges in early Islam and introduce modern day critics summarizing their positions It then provides theological underpinnings that call into question both the authority and the authenticity of the Hadith corpus And more importantly the book provides a detailed analysis of egregious hadith from the collections that are considered by traditional Muslims as sahih i e sound and authoritative It is such hadith that contradict the Quran science or reason and negatively affect Muslim beliefs and practices The disturbing content of the Hadith has made Islam a religion of ridicule and the staple of the Islamophobes who use the most egregious hadith to paint Islam as a fanatic violent and misogynistic faith *Quran, Hadith and Islam - by Dr. Rashad Khalifa, Ph. Inheritance and Status and Rights **The Quran** Allah,2021-02-18 The Quran is the central religious text of Islam believed by Muslims to be a revelation from Allah Muslims regard the Quran as Muhammad s most important miracle a proof of his prophethood and the culmination of a series of divine messages The Quran describes itself as a book of guidance for mankind It offers detailed accounts of specific historical events and it often emphasizes the moral significance of an event over its narrative sequence The Quran consists of 114 chapters of varying lengths each known as a s rah Chapters are classified as Meccan or Medinan depending on whether the verses were revealed before or after the migration of Muhammad to the city of Medina Each s rah consists of several verses known as y t which originally means a sign or evidence sent by God The Quranic content is concerned with basic Islamic beliefs including the existence of God and the resurrection Narratives of the early prophets ethical and legal subjects historical events of Muhammad s time charity and prayer also appear in the Quran The Quranic verses contain general exhortations regarding right and wrong and historical events are related to outline general moral lessons In this edition of Quran the s rahs are ordered chronologically **Holy Quran's Judgement ? Part 2** M.S.M Abdullah (Rah),2013 The Spiritual Leader explains with copious evidence the views held by other religions too that the truth La Ilaha Illallah that being the lifeline of Tawheed and that there is no Ilah creation but Allah He has thrown a challenge to anyone who can disprove this truth offering a handsome reward Until now no one has come forward to take up his challenge Allah is an arbitrary name and it does not point to something static or stationery This name denotes something beyond time and space and the reach of human knowledge and has manifested as the whole universe If one becomes aware of this truth peace and tranquility will be eternal in his heart and mind **Status and Preservation of Hadith: Answering the contentions of orientalis, Christian missionaries and modernists on Hadith** Syed Nooruzuha

Barmaver,2021-05-25 Muslims believe hadith to be an authority and explanation of the Quran The task of preserving hadith was taken by Allah himself by means of the Sahabah the Tabieen and then from generation to generation through unique discipline of hadith sciences The Sahabah understood that the Prophet was the final messenger sent for mankind and that the task of preserving his teachings would fall upon their shoulders Prophet instructed them to spread his teachings to those who were absent They used to give great concern to sitting with the Prophet to hear a adith from him as much as possible They would tell each other what they had learnt from the Prophet The Prophet also warned them in strong words about narrating anything from him which is not authentic At the same time Prophet had also warned that it is a major sin to hide knowledge whenever it is asked for Prophet did not restrict himself to giving sermons he also guided the Sahabah practically Whenever they learnt anything from the Prophet they spared no effort to bring it into practice A Large number of the Sahabah wrote down ahadith and compiled Sahifas booklets after hearing them from the Prophet A number of young companions devoted themselves to attaining knowledge and then passed it down to the following generations Tabieen followed the example of Sahabah in preserving ahadith for example Urwah bin Zubair nephew of Aisha Nafi Mawla of Abdullah bin Umar and Thabit

bin Aslam al Bunani spent forty years with Anas bin Malik Also Amra bint Abdirrahman grew up with Aisha learning ahadith Like the Sahabah the Tabieen also collected and compiled ahadith in booklets which were incorporated in books by the next generation and most of those that survive today are in that form as part of other larger books like Musnad Ahmad Saheeh al Bukhari Saheeh Muslim four Sunan and so on Scholars of adith from the time of the Tabieen developed the science of al Jar wa Tadeel This is the science of examining the narrations of different narrators to make a determination about their trustworthiness and thus authenticity of their narrations
