Race Radicalism Religion And Restriction:

Race, Radicalism, Religion, and Restriction Kristofer Allfeldt, 2003-03-30 In 1924 America passed legislation that effectively outlined which immigrants were to be considered beneficial to the national body and which were not. Albert Johnson, a Washington State Congressman, sponsored the Act. This study examines the role of the Pacific Northwest in the change of national sentiment that led up to this legislation. Throughout the period, this region experienced massive growth in its immigrant population. Its forests and small towns were the scenes of many clashes with the alien radicals, resulting in the creation of anti-Catholic legislation and the laws against land ownership by the Japanese. Analyzing issues of race, religion, and political radicalism, Allfeldt determines that the region was highly influential in the national debate. Most immigration studies of this era focus on the East Coast or on California, but Allfeldt finds that Northwestern politicians and populists, responding to regional events as much as national sentiments, often set the national immigration agenda. Diverse organizations such as the APA, the Ku Klux Klan, and the IWW gained powerful local support and had significant influence on the region's attitudes towards immigrants. Rather than following California's lead in the opposition to Asian immigration, the Northwest actually set the path for its southern neighbor in many important aspects. *Pacific Connections* Kornel Chang, 2012-06-12 *Pacific Connections* is a shrewd, fascinating, and cogent examination of a Pacific Northwest borderland often taken for granted as a peaceful but inconsequential meeting point between two friendly nations. Chang shows instead how it has been a violent point of contention, shaped by empire and Anglo-American aspirations to hegemony, migration, and ubiquitous racism. The creation of boundaries through state formation and the transgression of those boundaries by the mechanisms of capital. Sharply written and deeply researched, this book brings the Pacific Northwest into both the history of the Pacific World and the literature on borderlands that has until now focused largely on the U.S. and Mexico. *Pacific Connections* is a brilliant achievement. Bruce Cumings, author of *Dominion: From Sea to Sea*, *Pacific Ascendancy*, and *American Power*. This wonderful book combines impressive archival research with a strong grounding in migration studies, political economy, cultural studies, and critical race studies. Chang examines weighty questions through compelling human dramas set in far-flung places across the Pacific Rim. This is transnational history at its best. David Roediger, coauthor of *The Production of Difference*. Kornel Chang grapples with big ideas and big questions. Tracing the global movements behind racial and national borders and unraveling the messy contradictions of empire at the dawn of the twentieth century, *Pacific Connections* explores a history that continues to haunt us with particular resonance in our current moment. Moon Ho Jung, author of *Coolies and Cane: Race, Labor, and Sugar in the Age of Emancipation*. *Pacific Connections* is a capacious study that recasts the U.S.-Canadian borderlands as a crucial site of migration, trade, and exclusion within the formation of Pacific empire. Chang shows how Chinese merchants, Japanese and European migrants, indigenous traders, Anglo labor activists, and both South Asian and white radicals played important roles in the negotiations of sovereignty. Lisa Lowe, Professor of Comparative

Literature University of California San Diego Policing the Progressive City Kristian Williams, 2026-02-10 The dangers of progressive policing as told through a study of Portland Oregon This is a story of Portland Oregon from an outpost of the Hudson's Bay Company through its founding as a city and the long and lively twentieth century shaped by organized crime labor unrest and waves of migration But more so this is a story of how over the course of nearly 200 years the city has pursued law and order under the influence of business interests political climbers and social campaigners By maintaining the Portland Police Bureau a body that has time and again proved a law unto itself the powers that be belie the city's reputation for liberal values and civic mindedness An expert chronicler of police abuse of power Kristian Williams now turns his focus to law enforcement in his own backyard It is the city's progressive veneer this book argues that allows the repressive core of its policing machinery to function so effectively weathering scandals co-opting critics and periodically renewing police legitimacy with well timed and carefully limited reforms Williams's meticulous research and expert storytelling lay bare the Portland Police Bureau's legacy of bigotry corruption and violence The most well intended efforts to address the community's needs have resorted to the criminal justice system incarcerating and killing those they purport to help Portland was among the first in the US to hire a female officer and the first large city with a female police chief as well as an early and enthusiastic proponent of community policing Yet the city's public record comprehensively shows racially discriminatory and disproportionately violent encounters with law enforcement a department that commits racist and sexist abuse both inside and outside its ranks and persistent criminal and retributive actions on the part of its officers The PPB is an institution impervious to reform let alone common decency Amid the 2020 protests that swept the nation and after decades of grassroots organizing against police killings in the city Portland saw almost 200 days of mass uprising against police brutality and far right extremism exposing the depth of anger aimed at the outrageous actions of the PPB Policing the Progressive City adds to our understanding of how the US police system perpetuates racism violence and exploitation even in one of America's most loudly liberal environments Day of Empire Amy Chua, 2009-01-06 In this sweeping history bestselling author Amy Chua explains how globally dominant empires or hyperpowers rise and why they fall In a series of brilliant chapter length studies she examines the most powerful cultures in history from the ancient empires of Persia and China to the recent global empires of England and the United States and reveals the reasons behind their success as well as the roots of their ultimate demise Chua's analysis uncovers a fascinating historical pattern while policies of tolerance and assimilation toward conquered peoples are essential for an empire to succeed the multicultural society that results introduces new tensions and instabilities threatening to pull the empire apart from within What this means for the United States uncertain future is the subject of Chua's provocative and surprising conclusion Oregon Historical Quarterly Oregon Historical Society, 2015 The End of American Exceptionalism David M. Wrobel, 1993 A lucid and rewarding synthesis of cultural and western history Richard W Etulain author of Writing Western History Wrobel makes a fine contribution to the study of myth by

analyzing the anxiety or angst Americans felt about the frontier in the half century after 1890 This is an excellent book on a big subject executed with much skill Western Historical Quarterly Direct admirably brief and crisply written Journal of American History **Choice** ,2004 *Book Review Index - 2009 Cumulation* Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year **America, History and Life** ,2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada **The British National Bibliography** Arthur James Wells,2004 [Forthcoming Books](#) Rose Arny,2003 **The International Migration Review** ,2004 Quarterly journal on sociodemographic economic historical political and legislative aspects of human migration and refugee movements Each issue of IMR presents original articles research and documentation notes reports on key legislative developments both national and international an extensive bibliography and abstracting service the International Sociological Association s International Newsletter on Migration plus a scholarly review of new books in the field IMR also offers annual special issues Planned by the Editorial Board in conjunction with guest editors each of these issues provides an extensive and comprehensive analysis of a single topic of emerging relevance in migration studies
