Rachael's Way:

Rachel's Farm Annette Lucile Noble, 1894 Comedy and Feminist Interpretation of the Hebrew Bible Melissa Jackson, 2012-07-26 Comedy is both relative linked to a time and culture and universal found pervasively across time and culture The Hebrew Bible contains comedy of this relative yet universal nature Melissa A Jackson engages the Hebrew Bible via a comic reading and brings that reading into conversation with feminist critical interpretation in resistance to any lingering stereotype that comedy is fundamentally non serious or that feminist critique is fundamentally unsmiling Dividing comic elements into categories of literary devices psychological social features and psychological social function Jackson examines the narratives of a number of biblical characters for evidence of these comic elements The characters include the trickster matriarchs the women involved in the infancy of Moses Rahab Deborah and Jael Delilah three of David's wives Michal Abigail Bathsheba Jezebel Ruth and Esther Nine particularly instructive points of contact between comedy and feminist interpretation emerge both 1 resist definition 2 exist amidst a self other subject object dichotomy 3 emphasise and utilise context 4 promote creativity 5 acknowledge the concept of distancing 6 work towards revelation 7 are subversive 8 are concerned with containment and control and 9 enable survival The use of comedy as an interpretive lens for the Hebrew Bible is not without difficulties for feminist interpretation While maintaining an uncomfortable even painful awareness of the hold patriarchy retains on the Hebrew Bible feminist critics can still choose to allow comedy's revelatory subversive survivalist nature to do its work revealing subverting and surviving Virginia Woolf and the Aesthetics of Vision Claudia Olk, 2014-08-19 The category of vision is significant for Modernist texts as well as for the unfolding discourse of Modernism itself Within the general Modernist fascination with the artistic and experimental possibilities of vision and perception this study looks at Virginia Woolf's novels and her critical writings and examines the relation between visibility and aesthetics An aesthetics of vision as this study argues becomes a productive principle of narrative The visual is not only pertinent to Woolf's processes of composition but her works create a kind of vision that is proper to the text itself a vision that reflects on the experience of seeing and renegotiates the relation between the reader and the text The study investigates key dimensions of aesthetic vision It addresses vision in the context of theories of aesthetic experience and identifies a semantics of seeing It analyses functions of symbolic materiality in the presentation of boundaries of perception modes of temporality and poetic potentialities In exploring the connections between vision and language it seeks to provide new perspectives for a reassessment of what occurs in Modernism's relation to vision Whispering the Word Jacqueline E. Lapsley, 2005-11-03 Many Christian feminists wonder if they can simultaneously maintain their commitment to principles of gender equality and their faith in the Scriptures particularly the Old Testament Writing in response to feminist biblical scholars who approach the Old Testament with a hermeneutic of suspicion Jacqueline Lapsley offers Christian feminists strategies to hear the subtle ideas and voices of the less powerful within the Old Testament texts Reading and interpreting a number of Old Testament

narratives in which women are prominent Lapsley considers how these stories may reflect God's word for us In doing so she demonstrates how the narrative often attempts to shape the moral response of the reader by revealing the intricacy and complexity of the moral world evoked In this gentle shaping of the reader's ethical sensibilities she argues is where God may be whispering a word for us
