Racial Discrimination In Canada Asian Minorities:

Racial Discrimination in Canada: Asian Minorities Kananur V. Chandras,1973 **Racial Discrimination in Canada** Kananur V. Chandras,1973 **Asian American Reference Data Directory** R.J. Associates,1976 Canadian Immigration and South Asian Immigrants Abdur Rahim,2014 South Asian immigrants have made a significant contribution to the Canadian mosaic However their trials and tribulations and their successes and failures constitute a story that remains untold To know of their arrivals their struggles to beat the odds as well as their successes is to read a story of hard work of tireless effort to make it of the commitment to belong and of ultimate success This process not only re shaped them from who they were to who they are now but also re shaped Canada that we know today Their influence can be felt in the arts and sciences the humanities and in politics community works and in social services This book is an attempt to understand the what and how of that unfolding process and also to know the real concerns about the conditions of Canada s ethnic minority population South Asian Canadians and their children in particular The Edge of Race Kalervo N. Gulson,Zeus Leonardo,David Gillborn,2017-10-02 The phrase the edge of race can be used both as a description and as a response to two key concerns The first of these is that while race is increasingly on the periphery of education policy with a growing disregard shown for racist inequities as education systems become dominated by market driven concerns it is important that we map the shifting relations of race in neoliberal politics and policies The second concern is that at this time within and outside the spaces of the academy even to mention race equity is to risk condemnation marginalization and ridicule The authors in this collection use the edge of race as a provocation in order to examine the concepts methodologies policies politics processes and practices associated with race and racism in education The chapters offer empirical examples of the perpetuation and perniciousness of racism that point to the continued salience of research about race Additionally the chapters make contributions to conceptual and methodological understandings of race and racism The contributors illustrate the contingency productivity and fragility of race as a concept and point to how educational research continues to be a contested site in and from which to study race and education This book was originally published as a special issue of *Discourse Studies in the Cultural Politics of Education* *World Racism and Related Inhumanities* Meyer Weinberg,1992-05-27 This is the first comprehensive worldwide bibliography of racism It contains references on some 135 countries and extends from ancient times to the present The first part of the work consists of references dealing with single countries More than 10 000 citations are organized according to country from Afghanistan to Zimbabwe The second part contains references to areas or regions or to related bibliographies Some 2 000 non duplicated citations are provided here While the vast majority of entries are to English language materials a number of German French Spanish and other language items are included as well The work concludes with an author index and a subject index Due to the many ways racism manifests itself this bibliography will be of great value to scholars and students from a variety of disciplines from economics

and education to sociology and history *South Asians in North America* Jane Singh, Emily Hodges, Bruce La Brack, Kenneth R. Logan, 1988 *Racism in Canada* Ormond Knight McKague, 1991 A selection of some of the best writing and thinking on the subject of racism in Canada Canadian Journal of Behavioural Science ,1992 Racial and Ethnic Discrimination in Employment Leon Muszynski, Jeffrey G. Moore, 2008 Examines the anthropological sociological historical economic and scientific theories of race and racism in the modern era Delves into the historic origins of ideas of race and racism and explores their social and scientific consequences Includes biographies of significant theorists as well as political and social leaders and notorious racists Racism, Nonwhites in Canada Subhas Ramcharan, 1982 **Dual Pandemics** Mo Yee Lee, Monit Cheung, Michael A. Robinson, Michele Rountree, Michael Spencer, Martell L. Teasley, 2023-08-30 Dual Pandemics Creating Racially Just Responses to a Changing Environment through Research Practice and Education commits to promoting and disseminating knowledge that calls for the dismantling of systemic racism and creating racially just responses to the dual pandemics COVID 19 and anti racist uprisings as a result of the murders of Mr George Floyd and many other African Americans and other people of color due to police violence has unprecedented impact on our society While these two pandemics appear to be different in nature both pandemics attest to the fact that systemic racism continues to be a grand challenge and that COVID 19 differentially affects communities and people of color as well as socially disadvantaged groups This book offers intellectually sound examination conceptualization and rigor in providing viable socially just responsive paths forward The volume include chapters that focus on anti racist pedagogy in social work education conceptual discussion contributing to refining a shared understanding of constructs relevant to anti racist social work and micro mezzo and macro social work practice that aims to prevent or eliminate the negative impact of racism as well as promote racial justice equity and inclusion among individuals families groups organizations or communities This book will be of great value to students and scholars of Social Work Public Policy Race and Ethnic Studies The chapters in this book were originally published as a special issue of Journal of Ethnic Cultural Diversity in Social Work *World Minorities* Georgina Ashworth, 1977 **The Minority Experience** ,1975 **Ethnicity and Culture in Canada** John W. Berry, J. A. Laponce, 1994 Ethnicity write J W Berry and J A Laponce in their introduction to this volume is likely to be to the twenty first century what class was to the twentieth that is a major source of tension and political conflict However ethnicity is also increasingly likely to be a source of inspiration and diversification within society Because of the rapidly developing importance of ethnicity and culture in Canada the Social Sciences and Humanities Research Council and the Ministry of Multiculturalism and Citizenship undertook in 1991 a project to review research on the subject This volume in nineteen chapters is the record of the findings Papers cover such topics as demography political philosophy history

anthropology sociology media studies literature language learning education and ethnic and multicultural attitudes Looking back to the Commission on Bilingualism and Biculturalism mandated in 1963 the editors point out that the terminology has changed radically and that the evolution from biculturalism to multiculturalism has clarified not only the political agenda but the research agenda as well An insistent theme recurs throughout this volume multiculturalism is taken increasingly as being a characteristic of Canadian society as a whole rather than a concept focused exclusively on new Canadians While the Canadian population has always been ethnically diverse only recently has the diversity been systematically analysed Ethnic and multicultural studies are remarkably well developed in Canada the editors conclude However they point out one shortcoming more apparent in some fields than others we often know quite well how the dominant group views a minority but we often lack knowledge of the reverse attitudes and opinions Berry and Lapointe recommend that we replace one way mirrors with windows preferably open windows BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Symposium** ,2006 Sociological Abstracts Leo P.
