Global Leaders for the Twenty-First Century Michael J. Marquardt, Nancy O. Berger, 2012-02-01 New times demand new kinds of leaders In a technological workplace which may be more virtual than physical where bytes of information and cyberspace need to be managed more than people leaders will have to thrive amidst high chaos and continuous change *Global Leaders for the Twenty First Century* profiles twelve such leaders from business and government and discusses eight key attributes necessary for successful leadership in the future Based upon extensive research and experiences with top leaders from around the world the authors have identified the eight critical competencies needed by twenty first century leaders 1 a global mindset 2 learning and teaching skills 3 a servant steward relationship to one's organization 4 systems thinking 5 spirituality and a concern for ethics 6 a willingness to embrace new technologies 7 innovation and risk taking and 8 vision building Twelve of the top up and coming leaders from around the world who possess these attributes are profiled They include the Fortune magazine's first two Asian leaders of the year CEOs Nobuyuki Idei of Sony and Cheong Choong Kong of Singapore Airlines two highly acclaimed political leaders President Mary McAleese of Ireland and United Nations Secretary General Kofi Annan the leading lights in the technology field CEOs Jorma Ollila of Nokia in Finland and John Chambers of Cisco Systems in the United States pioneer leaders for women Carol Bartz CEO of AutoDesk and minorities Ken Chenault CEO designate of American Express the world's most innovative leader Ricardo Semler owner of Semco in Brazil a leader in recognizing the importance of community service and employee partnership Henry Carris Carris Community of Companies the director of one of the top executive development programs in the world Felipe Alfonso Asian Institute of Management and a radical new thinker in the energy field John Browne CEO of BP Amoco

Defenders of the Text Anthony Grafton, 1994 Anthony Grafton is erudite and elegant in the style of the best historical writers who make the past come alive for the reader In a full scale presentation of the world of scholarship from the Renaissance to the modern period Grafton sets before us in three dimensional detail such seminal figures as Poliziano Scaliger Kepler and Wolf He calls attention to continuities moments of crisis and changes in direction The central issue in *Defenders of the Text* is the relation between humanism and science from the mid fifteenth century to the beginning of the modern period Treatments of Renaissance humanism in English have emphasized the humanists commitment to rhetoric ethics and politics and have accused the humanists of concentrating on literary matters in preference to investigating the real world via new developments in science philosophy and other technical disciplines This revisionist book demonstrates that humanism was neither a simple nor an impractical enterprise but worked hand in hand with science in developing modern learning Grafton makes clear that humanism remained an integral and vital part of European culture until the eighteenth century maintaining a technical component of its own classical philology which developed in as rich varied and unexpected a way as any other field of European thought Attention to the text led the humanists to develop a whole range of tools and methods that lent power to

science and learning for centuries to come Grafton shows the continued capacity of classical texts to provoke innovative work in both philology and philosophy and traces a number of close and important connections between humanism and natural science His book will be important to intellectual historians students of the classics and the classical tradition and historians of early modern science *APc-48...* Ben Young,2017-07-19 An investigation into the whereabouts and purpose of a US Navy Small Coastal Transport during the Pacific War and a discussion of supply and logistics during a time of conflict This second edition contains revised text for clarity Other than within these pages and those of several books covering this specialized subject matter plus some dedicated online sources containing not much more than the official data releases from the Department of the Navy little information is available concerning the hazards faced by the men who went to sea in these tiny ships to supply those others entrenched on foreign beaches risking their all to preserve freedom at home **Internal Revenue Cumulative Bulletin** United States. Internal Revenue Service,1995 *APc-48 - Combined Edition...* Ben Young,2017-12-06 Combining the full text and illustrations of the revised editions of APc 48 and APc 48 Journeys into one volume celebrating the return of calmer seas and honoring the service of all who stepped forward in the defense of freedom With a foreword by Neal Ash and additional text not found in the original volumes *Brewers' Guardian* ,1895 The Publishers Weekly ,2001 **Annual Review of the Commerce of the Cincinnati** Cincinnati (Ohio).
