**Reading Mastery Prescription (RMP)** Sarah Hardesty, 2022-05-04 Many methods for teaching people to read exist today Reading mastery on the whole is made of many segments summed together Reading programs have taken a fraction out of order attempting to teach an end segment at the beginning Some segments are left out entirely This will frustrate a new reader Sounding out letters is a great beginning and should not be omitted But there is also a vital fraction of reading wholeness that should immediately follow sounding out which shows the resemblance of rhyming and patterns in the smallest portions of words These two sounding out and identifying patterns are most important to the mastery of reading Sounding out makes accomplished goals stick in the mind Showing small patterns in repetition through fun enhances faster learning The title for this book Reading Mastery Prescription came about while I was pondering the book's utility for those who would teach reading I visualized the analogy of someone who is illiterate meeting with a reading teacher just as a sick person must go to the doctor seeking a cure for an illness The doctor will write a prescription and discuss other things that can be done to assist with optimum health The medication must be taken in the exact dose and method as prescribed over a period of time until the illness is conquered The reading teacher and aspiring teachers can prescribe these easy lessons and use this straightforward method of reading instruction to cure a person's illiteracy The lessons should be followed exactly without skipping a dose and in the order set out until illiteracy is conquered Whether the student is young middle aged or elderly if the teacher prescribes this reading method and the student applies it reading will produce its own joys and great satisfaction

**The country**, 1876 **Jim Kobak's Kirkus Reviews**, 1986 **Fast Forward** Tim Harte, 2009-11-24 Fast Forward reveals how the Russian avant garde's race to establish a new artistic and social reality over a twenty year span reflected an ambitious metaphysical vision that corresponded closely to the nation's rapidly changing social parameters The embrace of speed after the 1917 Revolution however paradoxically hastened the movement's demise By the late 1920s under a variety of historical pressures avant garde artistic forms morphed into those more compatible with the political agenda of the Russian state Experimentation became politically suspect and abstractionism gave way to orthodox realism ultimately ushering in the socialist realism and aesthetic conformism of the Stalin years
