Race Nation Class:

Race, Nation, Class Étienne Balibar, Immanuel Wallerstein, 2020-05-05 Forty years after the defeat of Nazism and twenty years after the great wave of decolonization how is it that racism remains a growing phenomenon What are the special characteristics of contemporary racism How can it be related to class divisions and to the contradictions of the nation state And how far in turn does racism today compel us to rethink the relationship between class struggles and nationalism This book attempts to answer these fundamental questions through a remarkable dialogue between the French philosopher Etienne Balibar and the American historian and sociologist Immanuel Wallerstein Each brings to the debate the fruits of over two decades of analytical work greatly inspired respectively by Louis Althusser and Fernand Braudel Both authors challenge the commonly held notion of racism as a continuation of or throwback to the xenophobias of past societies and communities They analyze it instead as a social relation indissolubly tied to present social structures the nation state the division of labor and the division between core and periphery which are themselves constantly being reconstructed Despite their productive disagreements Balibar and Wallerstein both emphasize the modernity of racism and the need to understand its relation to contemporary capitalism and class struggle Above all their dialogue reveals the forms of present and future social conflict in a world where the crisis of the nation state is accompanied by an alarming rise of nationalism and chauvinism *Race, Nation, Class* Étienne Balibar, 2011

Borderlands Media David Toohey, 2012-03-15 David E Toohey's *Borderlands Media Cinema and Literature as Opposition to the Oppression of Immigrants* is an in depth analysis which explores the immigrant experience using a mixture of cinema literary and other artistic media spanning from 1958 onward Toohey begins with Orson Welles's 1958 *Touch of Evil* which triggered a wave of protest resulting in Chicana o filmmakers acting out against the racism against immigrant and diaspora communities The study then adds policy documents and social science scholarship to the mix both to clarify and oppose undesirable elements in these forms of thought Through extensive analysis and explication Toohey uncovers a history of power ranging from lingual and visual to more widely recognized class and racial divisions These divisions are analyzed both with an emphasis on how they oppress but also how cinematic political thought can challenge them with special attention to the philosophy of Gilles Deleuze David E Toohey's *Borderlands Media* is an essential text for scholars and students engaged in questions regarding the effect of media on the oppression of immigrants and diaspora communities
