Run to Glory and Profits David George Surdam, 2013-10-01 The National Football League has long reigned as America's favorite professional sports league In its early days however it was anything but a dominant sports industry barely surviving World War II Its rise began after the war and the 1950s was a pivotal decade for the league Run to Glory and Profits tells the economic story of how in one decade the

NFL transformed from having a modest following in the Northeast to surpassing baseball as this country's most popular sport. To break from the margins of the sports landscape, pro football brought innovation, action, skill, and episodic suspense on any given Sunday. These factors in turn drove attendance and rising revenues. Team owners were quick to embrace television as a new medium to put the league in front of a national audience. Based on primary documents, David George Surdam provides an economic analysis in telling the business story behind the NFL's rise to popularity. Did the league's vaunted competitive balance in the decade result from its more generous revenue sharing and its reverse order draft? How did the league combat rival leagues such as the All America Football Conference and the American Football League? Although strife between owners and players developed quickly, pro football fans stayed loyal because the product itself remained so good. **Brandweek**, 2003. *Becoming Big League* Bill (William) Mullins, 2013-06-18. *Becoming Big League* is the story of Seattle's relationship with major league baseball from the 1962 World's Fair to the completion of the Kingdome in 1976 and beyond. Bill Mullins focuses on the acquisition and loss after only one year of the Seattle Pilots and documents their on-the-field exploits in lively play-by-play sections. The Pilots' underfunded ownership led by Seattle's Dewey and Max Soriano and William Daley of Cleveland struggled to make the team a success. They were savvy baseball men but they made mistakes and wrangled with the city. By the end of the first season, the team was in bankruptcy. The Pilots were sold to a contingent from Milwaukee led by Bud Selig who moved the franchise to Wisconsin and rechristened the team the Brewers. *Becoming Big League* describes the character of Seattle in the 1960s and 1970s, explains how the operation of a major league baseball franchise fits into the life of a city, charts Seattle's long history of fraught stadium politics, and examines the business of baseball.
