The Best Book on iOS App Marketing Michael Amerson, 2012-04-04 Mike Amerson Co Founder and President of WET Productions Inc learned the hard lesson that many developers face today just because you built it doesn't mean they will come. His game My Virtual Girlfriend went nine months with only modest sales until late in December of 2010 when he gathered what he'd learned about app discoverability and used it to propel the game to the Top 100 list for its category. Furthermore the game has only gained momentum sitting in the Top 25 for over a year. Though Mike overcame the challenges of app development he knows exactly what it's like for a developer to spend time and money on a project that falls flat. Today he shares his knowledge with other struggling developers encouraging them to follow their dream to venture out and find success in the iOS space.
