Tiktok Near Me:

TikTok For Dummies Jesse Stay, 2021-05-25 It's not too late to get on the TikTok train. You may know TikTok as the home of the latest dance crazes and cute puppy videos. But do you know how to go about harnessing the power of its massive audience for more than showing off your own dance moves? And are you too late to the TikTok game to make an impact? In *TikTok For Dummies*, expert digital strategist and author Jesse Stay delivers an easy-to-read and robust discussion of how you can engage with TikTok's millions of users in a fun and productive way. He'll walk you through the steps of creating and securing an account, finding the best content to engage with, and creating your own videos that reflect you or your business in the best possible light. You'll discover how to install the app and create a profile that attracts followers and views. Learn about the latest security issues and keep yourself safe on the platform. Find the best content that's most relevant to you so you can engage with the community. Create your own videos that resonate with the TikTok audience and have viral potential. Perfect for anyone ready to dive into the world of TikTok, either for fun or for professional reasons, *TikTok For Dummies* is the easiest and most reliable way to go beyond the dances and learn the ins and outs of the popular app. [TikTok Broadway](#) Trevor Boffone, 2024 *TikTok Broadway: Musical Theatre Fandom in the Digital Age* explores how TikTok has revolutionized musical theatre fandom and democratized musical theatre fan cultures and spaces. The book argues that TikTok has created a new canon of musical theatre thanks to the way virality works on the app, expanding musical theatre into a purely digital realm that spills into other non-digital aspects of U.S. popular culture. **Irish Digital Cultures** Deirdre Flynn, Mary McGill, 2025-12-10 *Irish Digital Cultures* explores how questions of Ireland and Irishness are represented in online environments and what these phenomena say about contemporary Irish identities both within the country and globally. Bringing together interdisciplinary scholars and media studies professionals from across Ireland, this collection investigates how Irish life, culture, and identity are impacted and evolving with the increasing reliance on digital platforms and tools. Emerging and established scholars at the cutting edge of Irish cultural research offer chapters that speak to the diversity of the digital in the Irish cultural sphere. The Culture and Identity section explores issues of representation, digital reimaginings of Irishness, the discursive interplay of old Ireland versus new Ireland online, and Irishness as a self-brand and marketable commodity in the digital commons. From Irish gamers on YouTube to popular Irish podcast production, this section examines interconnections of culture and identity, exploring how these are reimagined and articulated in digital spaces. Building on these themes, the Contexts and Spaces section introduces scholarship on Irish cultural memory and the digital archive, protest and visibility in Irish digital spaces, artistic practice and performance, and the policing of Irishness online. This volume will interest Irish Studies researchers and scholars, particularly those working at the intersection of Media Studies, Cultural Studies, Sociology, Race, Gender, Identity, and New Media, as well as students studying Irish culture across the humanities and social sciences. TikTok as Entertainment or Misleading App? John Maish, 2023-09-20 Essay from the year 2021 in the subject Communications Mass Media grade 3.0 University of California San Diego course Media Studies language English abstract This essay critically analyzes the popular video sharing app TikTok and questions whether it should be perceived primarily as an entertainment platform or as a source of misleading content The author reflects on how TikTok's algorithmically customized feed and divination videos promoted addictive viewing habits and dubious life advice in a friend However the app also spreads joy through funny videos The essay concludes that while TikTok has merit as an entertainment app users should be cautious of videos that try to deceptively influence major life decisions Overall the essay urges readers to approach TikTok with nuance enjoying its amusing content while maintaining skepticism about guidance from its most exploitative corners

The De Gruyter Handbook of Automated Futures Vaike Fors, Martin Berg, Meike Brodersen, 2024-09-23 How does automation affect us our environment and our imaginations What actions should we take in response to automation Beyond grand narratives and technology driven visions of the future what more can automation offer With these questions in mind The De Gruyter Handbook of Automated Futures provides a framework for thinking about and implementing automation differently It

consolidates automated futures as an inter and transdisciplinary research field embedding the imaginaries interactions and impacts of automation technology within their social historical societal cultural and political contexts Promoting a critical yet constructive and engaging agenda the handbook invites readers to collaborate with rather than resist automation agendas It does so by pushing the agenda for social science humanities and design beyond merely assessing and evaluating existing technologies Instead the handbook demonstrates how the humanities and social sciences are essential to the design and governance of sustainable sociotechnical systems Methodologically the handbook is underpinned by a pedagogical approach to staging co learning and co creation of automated futures with rather than simply for people In this way the handbook encourages readers to explore new and alternative modes of research fostering a deeper engagement with the evolving landscape of automation
