**and Music Shape Our Culture** Mark Dice,2020-10-03 Films and television shows aren't just entertainment. They are powerful vehicles that influence social and political trends, ultimately shaping the very fabric of our culture. Because of this potential, there are various agencies which work behind the scenes in Hollywood to harness these forces for their own aims or those of their clients. Few people outside the industry are aware that such agencies exist and are hired by advocacy groups to lobby studios, writers, and producers in order to get their ideas inserted into plots of popular works. These Hollywood lobbyists have been instrumental in successfully paving the path for same-sex marriage to become legal, destigmatizing abortion, encouraging mass immigration, and sounding the alarm about climate change, all under the cloak of mere entertainment. More recently, we've seen these same powers levied against President Trump, his supporters, and used to demonize white privilege as an invisible enemy that's supposedly around every corner. Even sports and late-night comedy shows are employed for political causes, violating the once-unwritten cardinal rules of their industries. In this groundbreaking work, media analyst Mark Dice details the true power of entertainment and proves how it is being used to wage a psychological war against the world.

**Promise Me Not** Meagan Brandy,2024-10-01 For as long as I can remember, I've had one dream: Go to the same college as my friends, become the starting quarterback of a division one team, and hear my name announced to the world on draft day. The path was clear, and things were falling in place perfectly. And then she came along. Now I'm in love with a girl whose heart was buried alongside the boy she gave it to. The ghost I can't compete with. The father of her newborn son. She wants me to walk away to focus on my love for football, but I can't because I have a new dream. And it begins and ends with them. The angsty, hotly anticipated follow-up novel to SAY YOU SWEAR featuring more of all your favourite tropes. He falls first. Slow burn. Forbidden. Off-limits. Love after loss. Found family.
