Prime Big Deals Review:

Big Deal Bruce Wasserstein, 2009-02-28 Wasserstein is widely recognized as the father of modern day mergers and acquisitions. He explains what drives mergers and how they get done. USA Today Informative and entertaining. Kirkus Reviews. Big Deal is a penetrating look at the world of mergers and acquisitions by the legendary Bruce Wasserstein. Using compelling case studies, he reveals the inside story of the billion dollar deals that shape America's economy. Mastering AI for Strategic Business Success Jonas Debrulle, Loïc Plé, Elliroma Gardiner, 2025-10-14 In the rapidly evolving landscape of modern business, artificial intelligence (AI) has emerged as a transformative force redefining how organizations operate, compete, and thrive. The advent of AI has introduced unprecedented opportunities and challenges, compelling business leaders to navigate a complex intersection of technology and strategy. This book provides readers with the tools and perspectives necessary to harness the power of AI responsibly, ethically, and effectively, ultimately driving strategic business success. It is an indispensable and comprehensive resource for anyone seeking to understand the strategic implications of AI, its role in shaping the future of business, and how to leverage AI for strategic advantage. **Key Features:** Designed with alternating strategy and technology-focused chapters that are tightly interwoven, the text provides a clear, integrated framework that links AI technologies directly to core strategic business decisions and operational actions. Cutting-edge case studies and examples illustrating how organizations across sectors are deploying AI to gain a competitive edge. Companies discussed include, amongst others, Netflix, Amazon, Spotify, Ocado, the Adecco Group, 9altitudes, NatWest Group, and AlterEos. Pedagogical tools such as learning objectives, real-world examples, and applications of AI, and in-depth discussions of technical aspects of AI support comprehension, critical thinking, and classroom discussion. Digital support via McGraw Hill's Connect platform offering data-driven simulations, videos, case studies, and a wide bank of test questions for enhanced learning and engagement. Dr. Jonas Debrulle is an Associate Professor at ISEG School of Management in France and the Faculty of Economics and Business at KU Leuven in Belgium. Previously, he was Director of Programs at ISEG, overseeing undergraduate and postgraduate programs. He currently teaches international strategic management, technology entrepreneurship, and the impact of AI on business development. Dr. Loïc Plé is a Professor of Strategic Management and Director of Teaching and Learning at IESEG School of Management. He has a Ph.D. in Management Sciences from University Paris Dauphine (PSL). He created the ISEG Center for Educational and Technological Innovation (CETI) in 2009, promoting the use of technology to benefit teaching and learning. Dr. Elliroma Gardiner is an Organisational Psychologist and Associate Professor at QUT Business School in Australia. With over 18 years of experience teaching and researching across Australia, Asia, and Europe, she has held academic positions at the London School of Economics, ISEG School of Management, and Griffith University.

The Voice Catchers Joseph Turow, 2021-05-18 Your voice as biometric data and how marketers are using it to manipulate you Only three decades ago it was inconceivable that virtually entire populations would be carrying around wireless phones wherever they went or that peoples exact locations could be tracked by those devices We now take both for granted Even just a decade ago the idea that individuals voices could be used to identify and draw inferences about them as they shopped or interacted with retailers seemed like something out of a science fiction novel Yet a new business sector is emerging to do exactly that The first in depth examination of the voice intelligence industry The Voice Catchers exposes how artificial intelligence is enabling personalized marketing and discrimination through voice analysis Amazon and Google have numerous patents pertaining to voice profiling and even now their smart speakers are extracting and using voice prints for identification and more Customer service centers are already approaching every caller based on what they conclude a caller s voice reveals about that person s emotions sentiments and personality often in real time In fact many scientists believe that a person s weight height age and race not to mention any illnesses they may have can also be identified from the sound of that individual s voice Ultimately not only marketers but also politicians and governments may use voice profiling to infer personal characteristics for selfish interests and not for the benefit of a citizen or of society as a whole Leading communications scholar Joseph Turow places the voice intelligence industry in historical perspective explores its contemporary developments and offers a clarion call for regulating this rising surveillance regime
