Twitter Memes Today Price:

Emoji Speak Jieun Kiaer, 2023-05-18 Providing an in depth discussion of emoji use in a global context this volume presents the use of emoji as a hugely important facet of computer mediated communication leading author Jieun Kiaer to coin the term emoji speak Exploring why and how emojis are born and the different ways in which people use them this book highlights the diversity of emoji speak Presenting the results of empirical investigations with participants of British Belgian Chinese French Japanese Jordanian Korean Singaporean and Spanish backgrounds it raises important questions around the complexity of emoji use Though emojis have become ubiquitous their interpretation can be more challenging What is humorous in one region for example might be considered inappropriate or insulting in another Whilst emoji use can speed up our communication we might also question whether they convey our emotions sufficiently Moreover far from belonging to the youth people of all ages now use emoji speak prompting Kiaer to consider the future of our communication in an increasingly digital world

Visual Citizenship Catherine Bouko, 2023-10-13 This book explores visual political engagement online how citizens participate in the dynamism of life in society by expressing their opinions and emotions on various issues of democratic life in image based social media posts independently of collective actions Looking beyond large digital social movements to focus on the everyday the book provides a well documented and comprehensive framework of key notions concrete methods and examples of empirical insights into everyday visual citizenship on social media It shows how the visual has become ubiquitous in citizens communication on social media focusing on how citizens use visual content to express their emotions and opinions on social media platforms when they discuss politics in a large sense With this book every reader interested in political communication visual communication and or new media is fully equipped to analyse everyday visual citizenship on social media platforms The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Expressive Networks Matthew Kilbane, 2025-06-10 Expressive Networks convenes an urgent conversation on digital media and the social life of contemporary poetry Tracing how poems circulate through online spaces and how capitalized platforms have come to pattern the reading and writing of poetry contributors emphasize both the expressivist cast of digital literary culture and the deep running ambivalence that characterizes aesthetic and critical responses to platformed cultural production The volume features chapters on Pan African spoken word programs Singaporean Facebook groups decolonial hemispheric networks and Japanese media critical poetries as well as platforms such as Twitter X Instagram and Amazon Though contributors write from a variety of methodological positions and address themselves to a range of archives they share the primary conviction that the impact of Web 2.0 on literary practice is far reaching far from self evident and far more variegated and unpredictable than easy summations of social media's influence suggest Expressive Networks asks after poetry's present and future by examining what poems themselves express about the social make up of networked platforms

Edited by Matthew Kilbane with contributions from Cameron Awkward Rich Micah Bateman Andrew Campana Sumita Chakraborty Scott Challener C R Grimmer Tess McNulty Michael Nardone Seth Perlow Anna Preus Susanna Sacks Carly Schnitzler Melanie Walsh and Samuel Caleb Wee

Power to the Players Rob Smat, 2023-11-21 The sea shanties YOLO s and red bandanas aren t even half of the GameStop story Did you know Robinhood didn t initiate their infamous trading halt Did you know why Redditors refer to 2021 as the sneeze rather than the squeeze Did you know that shares in your brokerage account might be counterfeits If not buckle up Witness firsthand the real and utterly ludicrous hivemind that brought Wall Street to its knees in January 2021 and find out why GameStop was only the beginning of an even more unprecedented retail contagion one which will challenge everything you think you know about our markets all over again If the meme mania of 2021 drew blood from Wall Street what follows is the Shakespearean realization that Reddit s blade was in fact poisoned In a digital world of frequently deleted revised and buried information accurately piecing together events as they occurred is nearly impossible Other authors and journalists have understandably struggled but not author Rob Smat who has been a witness to every part of the GameStop phenomenon having lived it himself Power to the Players is as much an unabridged history of the GameStop sneeze as it is a roadmap of how retail traders regrouped in the months and years that followed when everyone else thought the story had ended in calamity The truest of diamond hands never sold and their power has only grown stronger since Before Redditors were only a nuisance to the status quo Now they

From Small-Town Dreamer to World-Changing Visionary: The Story of Elon Musk William Faulkner, 2024-11-20 From Small Town Dreamer to World Changing Visionary The Story of Elon Musk Elon Musk isn t just a man he s a force of nature a stick of dynamite in industries that once seemed untouchable From building rockets that land themselves to driving the electric vehicle revolution and dreaming of cities on Mars Musk has taken risks most of us wouldn t even dream about But who is the man behind the headlines This captivating biography dives deep into the life of Elon Musk a boy from Pretoria with his nose buried in books who grew up to shake the world faster than a southern twister You ll follow his journey through failures controversies and wild successes discovering the grit ambition and downright stubbornness that keeps him charging forward when others would have quit What you ll uncover in this book How Elon outsmarted childhood bullies and turned a love of coding into his first big payday The inside story of SpaceX s nail biting rocket launches and Tesla s race through production hell The infamous tweets bold ideas and controversies that have made Musk a lightning rod for both praise and criticism Why Elon believes humanity s survival depends on becoming a multiplanetary species and what he s doing to make it happen With a down to earth tone and a focus on the man as much as his machines Elon Musk From Small Town Boy to World Changing Dreamer peels back the layers of one of the most intriguing figures of our time Whether you admire him doubt him or just want to understand what makes him tick this book will take you on a wild ride through the life of a modern day trailblazer Buckle up it s gonna be one heck of a journey

Ludicrous Edward Niedermeyer, 2019-08-20 Tesla is the most exciting car

company in a generation but can it live up to the hype Tesla Motors and CEO Elon Musk have become household names shaking up the staid auto industry by creating a set of innovative electric vehicles that have wowed the marketplace and defied conventional wisdom The company's market valuation now rivals that of long established automakers and to many industry observers Tesla is defining the future of the industry But behind the hype Tesla has some serious deficiencies that raise questions about its sky high valuation and even its ultimate survival Tesla's commitment to innovation has led it to reject the careful zero defects approach of other car manufacturers even as it struggles to mass produce cars reliably and with minimal defects While most car manufacturers struggle with the razor thin margins of mid priced sedans Tesla's strategy requires that the Model 3 finally bring it to profitability even as the high priced Roadster and Model S both lost money And Tesla's approach of continually focusing on the future even as commitments and deadlines are repeatedly missed may ultimately test the patience of all but its most devoted fans In Ludicrous journalist and auto industry analyst Edward Niedermeyer lays bare the disconnect between the popular perception of Tesla and the day to day realities of the company and the cars it produces Blending original reporting and never before published insider accounts with savvy industry analysis Niedermeyer tells the story of Tesla as it's never been told before with clear eyes objectivity and insight [Saints and Soldiers](#) Rita Katz, 2022-10-11 Winner 2022 Nellie Bly Book Award Chanticleer International Book Awards More than a decade ago counterterrorism expert Rita Katz began browsing white supremacist and neo Nazi forums The hateful rhetoric and constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring but law enforcement and policy makers barely paid attention to the Far Right Now years of attacks committed by extremists radicalized online including mass murders at a synagogue in Pittsburgh and mosques in Christchurch New Zealand as well as the Capitol siege have brought home the danger How has the internet shaped today's threats and what do the online origins of these movements reveal about how to stop them In [Saints and Soldiers](#) Katz reveals a new generation of terrorist movements that don't just use the internet but exist almost entirely on it She provides a vivid view from the trenches spanning edgy video game chat groups to what ISIS and Far Right mass shooters in El Paso Orlando and elsewhere unwittingly reveal between the lines of their manifestos Katz shows how the online cultures of these movements far more than their ideologies and leaders create today's terrorists and shape how they commit real world violence From ISIS to QAnon [Saints and Soldiers](#) pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never before seen threats *Michigan Law Review*, 2018 [Cryptoassets: The Innovative Investor's Guide to Bitcoin and Beyond](#) Chris Burniske, Jack Tatar, 2017-10-20 The innovative investor's guide to an entirely new asset class from two experts on the cutting edge With the rise of bitcoin and blockchain technology investors can capitalize on the greatest investment opportunity since the Internet Bitcoin was the first cryptoasset but today there are over 800 and counting including ether ripple litecoin monero and more This clear concise and accessible guide from two industry insiders

shows you how to navigate this brave new blockchain world and how to invest in these emerging assets to secure your financial future Cryptoassets gives you all the tools you need An actionable framework for investigating and valuing cryptoassets Portfolio management techniques to maximize returns while managing risk Historical context and tips to navigate inevitable bubbles and manias Practical guides to exchanges wallets capital market vehicles and ICOs Predictions on how blockchain technology may disrupt current portfolios In addition to offering smart investment strategies this authoritative resource will help you understand how these assets were created how they work and how they are evolving amid the blockchain revolution The authors define a clear and original cryptoasset taxonomy composed of cryptocurrencies cryptocommodities and cryptotokens with insights into how each subset is blending technology and markets You ll find a variety of methods to invest in these assets whether through global exchanges trading 24 7 or initial cryptoasset offerings ICOs By sequentially building on the concepts of each prior chapter the book will provide you with a full understanding of the cryptoasset economy and the opportunities that await the innovative investor Cryptoassets represent the future of money and markets This book is your guide to that future

Rendezvous with Oblivion Thomas Frank,2018-07-30 From the acclaimed author of Listen Liberal and What s the Matter with Kansas comes a scathing collection of his incisive commentary on our cruel times perfect for this political moment What does a middle class democracy look like when it comes apart When after forty years of economic triumph America s winners persuade themselves that they owe nothing to the rest of the country With his sharp eye for detail Thomas Frank takes us on a wide ranging tour through present day America showing us a society in the late stages of disintegration and describing the worlds of both the winners and the losers the sprawling mansion districts as well as the lives of fast food workers Rendezvous with Oblivion is a collection of interlocking essays examining how inequality has manifested itself in US cities in its jobs in the way its people travel and of course in its politics where in 2016 millions of anxious ordinary people rallied to the presidential campaign of a billionaire who meant them no good These accounts of folly and exploitation are brought together in a single volume unified by Frank s distinctive voice sardonic wit and anti orthodox perspective They capture a society where every status signifier is hollow where the allure of mobility is just another con game and where rebellion too often yields nothing For those who despair of the future of America and of reason itself Rendezvous with Oblivion is a booster shot of energy reality and moral outrage
