The NHL's Mistake by the Lake Gary Webster, 2021-09-30 The Cleveland Barons should never have existed Born when the National Hockey League's California Golden Seals another team that should never have existed were transplanted to Cleveland in 1976 and greeted with apathy by the dwindling number of hockey fans in northeastern Ohio the Barons were an embarrassment to the city and to the NHL The only thing the team had going for them was the state of the art arena they played in which was all but empty for nearly every game they played This book chronicles the Barons two regrettable seasons a case study in what happens when an ill conceived professional sports team created in an expansion splurge is moved in an effort to save it to a city that doesn't really want it **Billboard** ,1952-06-14 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **The Blue and Gold** ,1927 **Parliamentary Papers** Great Britain. Noll,Andrew Zimbalist,1997-10-01 America is in the midst of a sports building boom Professional sports teams are demanding and receiving fancy new playing facilities that are heavily subsidized by government In many cases the rationale given for these subsidies is that attracting or retaining a professional sports franchise even a minor league baseball team or a major league pre season training facility more than pays for itself in increased tax revenues local economic development and job creation But are these claims true To assess the case for subsidies this book examines the economic impact of new stadiums and the presence of a sports franchise on the local economy It first explores such general issues as the appropriate method for measuring economic benefits and costs the source of the bargaining power of teams in obtaining subsidies from local government the local politics of attracting and retaining teams the relationship between sports and local employment and the importance of stadium design in influencing the economic impact of a facility The second part of the book contains case studies of major league sports facilities in Baltimore Chicago Cincinnati Cleveland Indianapolis San Francisco and the Twin Cities and of minor league stadiums and spring training facilities in baseball The primary conclusions are first sports teams and facilities are not a source of local economic growth and employment second the magnitude of the net subsidy exceeds the financial benefit of a new stadium to a team and third the most plausible reasons that cities are willing to subsidize sports teams are the intense popularity of sports among a substantial proportion of voters and businesses and the leverage that teams enjoy from the monopoly position of professional sports leagues **Maryland Magazine** ,1988 *Hockey Field and Lacrosse, Including Net-ball* ,1929 *Motorcycle Illustrated* ,1919 *Chase's 1997 Sports Calendar of Events* Contemporary Books,McGraw-Hill Trade,1996 In the tradition of Chase's Calendar of Events comes a comprehensive guide to sporting and recreational events across the
