Sony vs Samsung Sea-Jin Chang, 2011-02-25 Sony vs Samsung is business history at its best. It explores the divergent fortunes of these two electronics giants in the last decade and identifies the true reasons behind Sony's decline and Samsung's rise. Contrary to popular belief, Chang shows that success or failure does not simply arise from different strategies. Rather, it emerges from major decisions that are deeply rooted in the companies' organizational processes and their executives' political behavior. This book is a must read for any senior executive. Constantinos Markides, Robert P. Bauman, Professor of Strategic Leadership and Chairman, Strategy Department, London Business School. Sea Jin Chang has produced that rarity in a business book: one that is as valuable to practicing managers as it is insightful to academic researchers. In this fascinating comparison of two modern global giants, he applies his high-resolution research microscope to their changing fortunes by dissecting their contrasting strategies and providing interesting insights into their divergent organizational processes and management practices. This is a very valuable contribution to the international business literature. It will end up in as many corporate boardrooms as faculty seminars. Christopher A. Bartlett, Thomas D. Casserly, Professor Emeritus, Harvard Business School. Sea Jin Chang has written a fascinating comparison of Sony and Samsung that will be valuable to anyone interested in strategy, organizations, or international business. The interwoven and very detailed case studies of two very different companies in overlapping industries illuminate problems such as adaptation to technological change, analog to digital, organizational flexibility, and globalization. His attempt to analyze both strategic development and implementation is successful and very useful. Both academics and practitioners will learn a lot from this book. Stephen J. Kobrin, William Wurster, Professor of Multinational Management, The Wharton School, University of Pennsylvania. Refreshingly original and entertaining, this book analyzes major strategic decisions of Samsung and Sony and highlights organizational processes and top management leadership that have shaped their performances. This is a must read for all executives who want to understand the strengths and weaknesses of Asian competitors. It also provides penetrating insights to other Asian companies with global ambitions. Myoung Woo Lee, President and CEO, Iriver.

Rock and Roll Cage Match Sean Manning, 2008-08-26 Music defines us. To return the favor, we'll stick up with zealous passion for the performers and bands that we love and heap aspersions and ridicule upon people who dare to place their allegiances above our own. In *Rock and Roll Cage Match*, today's leading cultural critics, humorists, music journalists, and musicians themselves take sides in thirty of the all-time juiciest who's-better musical disputes. Marc Spitz on the Smiths vs. the Cure. If the Smiths are its James Dean, the Cure are the Marlon Brando of modern rock. Mick Stingley on Van Halen vs. Van Halen. Eddie Van Halen single-handedly, sometimes quite literally, conjured rapturous sounds and reinvented the idea of what could be done with a guitar with his sleight of hand. As for the lyrics: Where Roth had been nuanced and clever, relying on double entendres and sexual innuendo, Sammy was ham-fisted and cloying and just downright embarrassing. Gideon Yago on Nirvana vs. Metallica. Here is why Nirvana will always be a better band than

Metallica It's not because they hit harder they do It's not because they are tighter they're definitely not It's because Metallica is fundamentally about respecting rules of metal of production of technicality and Nirvana is about breaking those rules down in the pursuit of innovation Metallica was metal Nirvana was something else Tour on Michael Jackson vs Prince Prince was the wild son of Jimi the younger brother of Rick James and Richard Pryor the ultrasexual black Casanova who told you up front that he had a dirty mind Michael held the opposite appeal His music was often about escaping through dance or being hopeful about the world Russ Meneve on Bruce Springsteen vs Bon Jovi I really truly mean it when I say Mr Springsteen no disrespect you are a legend But in the Battle a da Jerz when that thick chemical waste smoke clears and the overly sprayed mall hair parts the Jov man is the last man rockin Whitney Pastorek on Whitney Houston vs Mariah Carey Frankly dry recitations of figures are just too easily negated by simple things like say bringing up someone's horrible taste in choosing movie roles Watch I'll do it right now Yes Mariah has seventeen number one singles and Whitney only eleven But Whitney made The Bodyguard which is basically a classic and Mariah starred in Glitter a colossal suckfest of crapitude that should disqualify her on the spot
