Frank Leslie's Pleasant Hours, 1878 *Haunted by You* Liza Jonathan, 2019-09-01 Harper can't stay And Alex can't get too attached to her But their resident ghost has other ideas Harper Castellano is only in Louisville long enough to help her family market their latest project a former distillery from the 1890s that they've renovated into luxury downtown lofts She doesn't expect to be charmed by the city or rocked right down to her designer heels by Alex a hot gentlemanly accountant who's come for a tour Too bad the loft she's just sold him has turned out to be haunted One look and Alex Morehouse knows Harper is his sexy savvy tattooed dream come true So if the troubled ghost of a Victorian woman is enough to keep her from moving on to the next city and her family's next project then how can he fear what goes bump in the night But the more time they spend researching the ghost's ties to the distillery the more they realize their sizzling attraction isn't just about heat And the more risks their ghost takes trying to send them a message Soon this mysterious woman invades Harper's dreams with visions about her tragic death long ago and the terrible consequences of abandoning true love But with so much riding on her future with Castellano Enterprises will Harper linger long enough to hear what she's trying to say **Everything is**

Design: The Hidden Ethics of Our Objects and Public Spaces Alan J. Reid, 2025-05-06 Ethics to put it concisely is mindful well being It is a set of standards that guides how we treat ourselves one another and the environment When we design things for public use we also communicate an ethical perspective When we use things designed for us we adopt their ethics This book synthesizes several different disciplines as they relate to design ethics and the built environment Our objects according to philosophers like Ihde Verbeek and Latour mediate our experiences with the world around us Through their designs and by extension our perceived affordances we largely comply with what our objects and spaces want us to do At the micro level the phones in our pockets command our attentive processes in order to feed an attention economy At the macro level urban planning and infrastructure can both promote inclusivity and foment violence We are deeply intertwined with the objects and spaces that have been designed for us Baked into every object process system and environment are the remnants of the designer's morals ethics values and biases Importantly this book seeks to cultivate mindfulness of the reader's interactions with their surrounding world providing them with a line of inquiry that questions areas of unethical design in their built environment and offers useful critiques and new solutions to these ethical dilemmas We often have the power to reject those things that are irresponsibly designed and unethical in nature and it is through this agency as users that we can demand better from designers developers and companies It is imperative to understand our mediated relationships with the built environment that surrounds us and the objects within it this can help explain our behaviors and empower us to make
