Tackling Football Sandra L. Caron,J. Michael Hodgson,Val Ireland,2012-01-03 Tackling Football Everyone's Guide to Understanding the College Game provides fans with the basics for understanding a college football game how it is played including the various playing positions and basic offensive and defensive strategies It includes a close up look at what happens before during and after the game as well as how to listen to a play by play It is written in a user friendly format and is drawn from our combined years of experience with college football as spectator player and coach We feel that few things

in sports compare to the excitement of a weekend college football game from socializing with friends at the pregame tailgating parties to the energy of the crowd cheering their team's touchdown over a rival. We want others to have that experience and share in our love and appreciation for the game. Note: This is essentially the same book as our earlier book targeted to women fans *Tackling Football: A Woman's Guide to Understanding the College Game*; this version is designed and marketed for both men and women who want to understand the very basics of the game. *The Official National Collegiate Athletic Association Football Guide. The Official National Collegiate Athletic Association Football Guide National Collegiate Athletic Association, 2017-10-11. Excerpt from *The Official National Collegiate Athletic Association Football Guide. The Official Rules Book and Record Book of College Football*. Underneath the canvas jackets any woolen underwear can be put on most players wearing knit jerseys. As mentioned above, there are two or three players who can to advantage go without the regulation canvas jacket and wear a jersey in its place. These are first the quarter back and sometimes the centre rush or snap back and finally the full back if he be a kicking full back only that is one who does not attempt to do any running. The team of eleven men is usually divided into seven rushers or forwards who stand in a line facing their seven opponents, a quarter back who stands just behind this line, two half backs a few yards behind the quarter back, and finally a full back or goal tend who stands a dozen yards or so behind the half backs. This gives the general formation but is of course dependent upon the plays to be executed.
