## World Series Today:

**Crack of the Bat** James R. Walker, Pat Hughes, 2015-05-01 The crack of the bat on the radio is ingrained in the American mind as baseball takes center stage each summer. Radio has brought the sounds of baseball into homes for almost one hundred years, helping baseball emerge from the 1919 Black Sox scandal into the glorious World Series of the 1920s. The medium gave fans around the country aural access to the first All Star Game, Lou Gehrig's farewell speech, and Bobby Thomson's Shot Heard Round the World. Red Barber, Vin Scully, Harry Caray, Ernie Harwell, Bob Uecker, and dozens of other beloved announcers helped cement the love affair between radio and the national pastime. *Crack of the Bat* takes readers from the 1920s to the present, examining the role of baseball in the development of the radio industry and the complex coevolution of their relationship. James R. Walker provides a balanced, nuanced, and carefully documented look at radio and baseball over the past century, focusing on the interaction between team owners, local and national media, and government and business interests, with extensive coverage of the television and Internet ages when baseball on the radio had to make critical adjustments to stay viable. Despite cable television's ubiquity, live video streaming, and social media, radio remains an important medium through which fans engage with their teams. The evolving relationship between baseball and radio intersects with topics as varied as the twenty-year battle among owners to control radio, the development of sports as a valuable media product, and the impact of competing technologies on the broadcast medium. Amid these changes, the familiar sounds of the ball hitting the glove and the satisfying crack of the bat stay the same. Purchase the audio edition. Dead Wrong David Boonin, 2019-10-10 It is possible for an act to wrongfully harm a person even if the act takes place after the person is dead. David Boonin defends this view in *Dead Wrong* and explains the puzzle of posthumous harm. In doing so, he makes three central claims: First, that it is possible for an act to wrongfully harm a person while they are alive, even if the act has no effect on that person's conscious experiences. Second, that if this is so, then frustrating a person's desires is one way to wrongfully harm a person. And third, that it is possible for an act to wrongfully harm a person even if the act takes place after the person is dead. Over the course of the book, Boonin introduces the significance of posthumous harm, deals with each of his three main claims in turn, responds to the objections that might be raised against the book's thesis, and examines some of the ethical implications for issues such as posthumous organ and gamete removal, posthumous publication of private documents, damage to graves and corpses, and posthumous punishment and restitution. **Skipper** Scott Miller, 2025-05-13 From the award-winning baseball writer and coauthor of *Ninety Percent Mental*, an unprecedented look at the job of Major League Baseball managers, showing how they shape the game and how the ever-changing game shapes them. Skipper takes on an ambitious *Moneyball*-esque premise: a deep dive into the ongoing struggle for control that often takes place behind the scenes between Major League Baseball managers and the ownership groups, and now their data analysts. In a culture still attempting to come to terms with the Digital Age, there's a bigger story behind the evolution of authority of managing inside the major

leagues Packed with baseball history interviews with dozens of MLB's current stars and veterans and an exclusive inside look at the day to day life of manager LA Dodgers Dave Roberts Skipper is a fascinating look into the highs the lows and the inner workings of the changing world of professional baseball

**Encyclopedia of Sports Management and Marketing** Linda E. Swayne, Mark Dodds, 2011-08-08 This four volume set introduces on the management side principles and procedures of economics budgeting and finance leadership governance communication business law and ethics and human resources practices all in the sports context On the marketing side this reference resource explores two broad streams marketing of sport and of sport related products promoting a particular team or selling team and sport related merchandise for example and using sports as a platform for marketing non sports products such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament Together these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today providing an invaluable print or online resource for student researchers
