Religious Observances in Tibet Robert Brainerd Ekvall, 1964 **Tibet, Past and Present: Religion and secular culture in Tibet** International Association for Tibetan Studies. Seminar, John Ardussi, 2002-01-01 The proceedings of the seminars of the International Association for Tibetan Studies IATS have developed into the most representative world wide cross section of Tibetan Studies They are an indispensable reference work for anyone interested in Tibet and capture the cutting edge of Tibet related research This volume is the second of three volumes of general proceedings of the Ninth Seminar of the IATS It presents a careful selection of scholarly and academic articles on Tibetan Buddhist and Bon religious culture including a sizeable section of anthropological contributions The complete series covers ten volumes The other seven volumes are the outcome of expert panels Of special interest to readers of this book are the edited volumes by Katia Buffetrille Hildegard Diemberger anthropology territory and identity Helmut Eimer David Germano Buddhist canon Toni Huber anthropology Amdo cultural revival Christiaan Klieger anthropology presentation of self identity and Deborah Klimburg Salter and Eva Allinger art history *Religions Of Tibet* Tucci, 2012-11-12 Very little is known in the West about Tibetan Buddhism in comparison with other eastern religions This is partly because the vast literature which it has produced and which illuminates its history is still far from accessible In addition there exists a deep division between monastic Lamaism and religion as it is lived by the people the former is fragmented into many schools while the latter shows numerous regional variations The first comprehensive account of Tibetan Buddhism to be published in English since Waddell's Buddhism of Tibet appeared in 1894 this translation is certain to become the standard reference work on the subject

Understanding of Purity James E. Morrison, 2025-03-27 Though of little concern to most westerners notions of what is considered clean and unclean pure and impure are of great importance to many cultures Both ritual and moral purity and impurity are significant concerns for Tibetan Buddhists and Buddhists at large being foundational to how they live their everyday lives Steps Towards a Tibetan Understanding of Purity provides a detailed analysis of Tibetan conceptions of purity and purification through a careful examination of salient Tibetan texts across a wide range of genres The practical applications of this study articulate ways to contextualize the good news of Jesus in a Tibetan Buddhist context with an emphasis on the gospel of purification Such an approach provides the reader with renewed impetus to share the gospel in meaningful and relevant ways to a Buddhist audience while also providing additional insights into the worldview of Tibetans
