Intelligence: Why the Evolution of the Brain Holds the Key to the Future of AI Max Bennett, 2023-10-24 Bridges the gap between AI and neuroscience by telling the story of how the brain came to be I found this book amazing Daniel Kahneman

Winner of the Nobel Prize in Economics and bestselling author of *Thinking Fast Slow* *The Sacred Chain* Jim

Stump, 2024-04-02 In this marvelously accessible book philosopher Christian Jim Stump provides the reader with new eyes for a journey through time the origin of the soul suffering and morality and reveals how the latest scientific findings about what it means to be human have led him to a deeper and more authentic faith Francis S Collins Director of the Human Genome Project and Founder of BioLogos author of *The Language of God* A thought provoking and eye opening work by Jim Stump Vice President at BioLogos and host of the *Language of God* podcast offering a compelling argument about how evolution does not have to be at odds with faith but can actually enrich and deepen it In this moving and deeply thoughtful book Jim Stump takes readers with him on his journey to understanding evolution and reconciling it with his faith *The Sacred Chain* draws on philosophy theology and the latest scientific research to tackle some of the biggest questions facing humanity and people of faith today such as How can we hold the Bible as a sacred text and yet reconcile modern science with it By condensing noteworthy events in the history of our universe into one calendar week what can we learn about God's creative process and priorities and where humans fit in If humans are created in the image of God what does evolution have to teach us about our species and our place in creation What about the soul How can we understand our transcendent qualities if the human body is the product of evolution How does evolutionary science help us understand how God might use pain and suffering for important and good purposes Does it have to be one or the other science or religion or is there a third way one that not only preserves faith in the face of modern science but leads to a stronger more relevant and more authentic faith Deeply researched and a delight to read *The Sacred Chain* provides clarity in our uncertain times revealing a bigger picture of our world and our place within it It is a panorama consistent with the scientific findings about who we are and where we come from that can actually bolster our faith as it engages our curiosity about ourselves our universe and the nature of existence itself *The Dopamine Brain* Anastasia Hronis, 2024-09-03 Have you ever felt like you're lacking control over

certain habits Are you curious about the neuroscience behind addictive behaviours What if you could understand how the brain works and use that knowledge to regain control over your habits and lead a more fulfilling life Sex shopping eating social media drugs and gambling are just some of the things that can trigger a release of dopamine a neurotransmitter in the brain that is involved in the brain's reward system The overindulgence of certain pursuits can disrupt the level of dopamine in our brain which can steer us towards habits that do not align with our core values Fortunately *The Dopamine Brain* offers

a clear and practical way to help people find balance and harmony in their lives The book is divided into three parts that weaves in the latest research in neuroscience and psychology case studies and reflective questions The first part delves into the inner workings of the brain helping you understand how dopamine works and identify activities that dopamine might have you hooked on This next part encourages you to explore and reflect on your core values and building a life that is meaningful enduring and satisfying The last part will help you to make the change with the help of sound psychological techniques By the end of this guide Dr Hronis will help you feel empowered to make both pleasurable and purposeful choices leading to a full rich and meaningful life
