Strat (a Military Science Fiction Novel) Tara Maya, In the tradition of Starship Troopers Forever War and Live Free or Die About the book On a hell class world where feudal lords joust with mechs and use memetic tech to imprint loyalty onto their vassals and thralls all Charlie and his people ask is to be left alone free to think for themselves Then on his wedding day Charlie s bride is kidnapped to be a thrall As he fights for his life and her freedom he discovers the war helm of an ancient and powerful lord He needs the knowledge in the helm to bring the battle to his enemies But if he uses it he risks losing himself and becoming embroiled in a war that will soon span the galaxy

Excerpt Thirteen helmed Lords escorted me out to the center of the caldera twelve lords from the legation and Lord Ivess I knew Domany was right They were unlikely to keep their word but if there was even a chance I could save Sard from obliteration I had to try We passed the frozen corpse of the woman who had taken her father s helm and avenged her family during the jousts All anyone had cared about her act of courage was that she had violated a stifling thousand year old code of law Now I was to share her fate for the same reason The legation offered Lord Ivess the honor of removing the faceplate and breather My hands were chained behind my back They forced me to kneel in the sulfur snow He leaned close to me although he did not need to be close to whisper to me over the link You stole my daughter from me and that embarrassed me he hissed I will enjoy your death greatly I m not going to take off your breather though A quick death would be too easy I m going to remove everything but your breather I m going to let you die slowly and as you die you can watch Tears of Gold die too He laughed Did you really think we would spare Sard after you contaminated it with your thralls who think they can be lords No I said I expected you to lack all honor having fought you before He kicked me face forward onto the ground My jaw smashed painfully against my breather He grabbed the back of my kit and jerked me back up to my knees Then why did you surrender yourself to us That was stupid I m a Fredder I said I guess stupid is just a bad habit The other lords stood in a semi circle around us a few meters away They watched impassively as Ivess dismantled my kit piece by piece until he ripped away the last underlayer and left me naked in the bitterly frozen acid As he d promised Ivess left on my helm the cursed Helm of Brin trailing tubes to my discarded but functional air pack so I could still breath It felt as though I had been dipped into fire My skin sizzled and buckled Every inch of my body below my neck came alive with pain raw unbearable pain I screamed inside my mask Through my tears I could see a huge army of mechs the combined cavalcades of the lords of the peace legation advance toward Tears of Gold They weren t going to just let it die of neglect they were going to blast it straight to hell themselves
