Will Catholics Be Left Behind? Carl Olson, 2009-09-03 This powerful and timely book written by a former Fundamentalist is a thorough critique of the popular Fundamentalist notion of the Rapture the belief that Christians will be removed from earth prior to a time of Tribulation and the Second Coming It examines the theological historical and Biblical basis for premillennial dispensationalism the belief system based around the Rapture and popularized in the best selling Left Behind books and taught by Bible prophecy writers Tim LaHaye Hal Lindsey Jack Van Impe and many others Written for both the lay person and the serious student this book combines an engaging popular approach with detailed footnotes and exhaustive research Beginning with the big picture it focuses first on key concepts such as eschatology the Parousia and the relationship between the Kingdom and the Church It then examines the Book of Revelation providing insights into the nature and purpose of that difficult final book of the Bible Another chapter looks at the concept of the millennium and how it has been understood by various Christians over the centuries Olson then shows how Left Behind creator LaHaye's many works on Bible prophecy are filled with attacks on Catholicism and often rely on sensationalism shaky scholarship and subjective interpretations of Scripture Olson a former dispensationalist who now edits Envoy magazine also presents a history of apocalyptic belief and theology beginning with the Early Church Fathers and including the Montanists St Augustine Joachim of Fiore the Protestant Reformers and the American Puritans He shows how John Nelson Darby an ex Anglican priest developed the premillennial dispensationalist system which hinges on the Rapture in the 1830s and how Darby relied upon faulty assumptions about Jesus Christ the Church and the Bible The second part of the book A Catholic Critique of Dispensationalism focuses on three important topics the relationship between Israel the Church and the Kingdom the interpretation of Scripture and the nature of the Rapture event Filled with a wealth of information drawn from both Protestant and Catholic sources this section provides a complete rebuttal to the premillennial dispensationalist system and the left behind theology The book concludes with a reflection on the Catholic understanding of the end times salvation history and the final judgement Glossaries of key persons and terms are also included A strong but fair critique of a dangerous and popular belief Will Catholics Be Left Behind provides Catholics and Protestants lay people and clergy and students and scholars with important answers and information about the roots and meaning of the Rapture Millions of Americans believe the Lord will snatch them up any day now leaving the rest of us to the horrors of a seven year

tribulation The hitch is that the Rapture has no pedigree As Carl Olson shows no Catholic or Protestant believed in it prior to the nineteenth century It is an authentic Fundamentalist invention Karl Keating Author Catholicism and Fundamentalism In this extraordinary book Carl Olson uses a surgeon s scalpel to cut through the mass of confusion that dominates contemporary reflection on the Last Things Achieving far more than a refutation of millennialist errors and other disordered apocalyptic theories he illumines the Church s majestic vision of time and eternity and demonstrates that Jesus Christ is the Lord of History and its end Michael O Brien Author Father Elijah      **Apocalyptic Fever** Richard G. Kyle,2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In Apocalyptic Fever Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more

**Selling Fear** Gregory S. Camp, 1997 A host of Christian teachers have tapped into conspiracy theories to design their own end times scenarios But how do their prophetic schemes hold up against Scripture logic and history Historian Gregory Camp offers a sane counterbalance

Preview 2001+ Ray Broadus Browne, Marshall William Fishwick, 1995 The educational opportunities of the new millennium are endless if our efforts are informed If not they will be catalogs of failures or half successes The essays in this collection written by some of the leading scholars in Popular Culture Studies turn the page on the new millennium to see what are the directions of approach and the opportunities to be gained in recognition of the compelling need for studies in everyday cultures These essays help chart the course for themes and directions of such studies into the new world that is waiting to be born Their value is indispensable

**Image of the Risen Christ** Kenneth E. Stevenson, 2000-02 From 1978 to 1981 a well equipped group of twenty five American scientists formed the Shroud of Turin Research Project STURP Thousands of hours were spent conducting the most extensive tests ever performed on a historical artifact The official spokesperson for the group was former U S Air force Captain and pastor teacher Dr Kenneth E Stevenson Millions of Christians became intensely interested in the Shroud when photographs of the negative image were published in books magazines and news papers all over the world Dr Stevenson previously co authored the international best selling title *Verdict on the Shroud* His new book *Image of the Risen Christ* discusses the mysterious history of the burial cloth of Christ and uncovers recent scientific discoveries about the image of the man in the Shroud This book deals with the Shroud as possible evidence of the Resurrection and what significance this could have to Christians entering the new millennium The Shroud has been subjected to over 150 000 hours of scientific testing The results of these tests will astonish you Why have Israel's top scientists recently declared that the Shroud originated in Jerusalem and that it must have been woven before A D 760 How can history art legend science and religious tradition

confirm the truth about the Shroud The multiple blood stains on the Shroud are actually human blood Could these stains be the blood of Jesus of Nazareth Why does a remarkable historical document of the early Christian church refer directly to something mysterious about the burial cloth of Jesus Brilliantly offers possible conclusions about the origin of the Shroud Is the Shroud a result of brilliant human deception Is the Shroud a freak occurrence of nature Is science and religion at war over this artifact

**The Impact of Globalization on Education** Ilghiz M. Sinagatullin, 2006 The notion of globalisation and its relation to education is widely being discussed among politicians philosophers scholars educators and students throughout the world Some fully reject and refuse to accept this phenomenon others try to understand and accept this notion still others completely accept the idea of globalisation and associate with it all progressive changes in the new century's socio cultural and educational space Moreover for a considerable part of the planet's residents the very spirit of the terms globalism and globalisation still remains an unknown enigmatic almost supernatural entity The contemporary globalising epoch is characterised by pervasive events making a considerable affect on human development human consciousness and on various aspects of education and child development information and knowledge the digitisation of information and virtualisation of objective reality the spreading of the English language as an essential global tool for education and international communication the dissemination of the ideas of global and multicultural education the rise of the European Union the market orientation of Russian and the former entities of the former Socialist block the spreading of the cultural and educational canons of the Anglo American or Atlantic civilisation upon other cultures and civilisations and unparalleled demographic growth especially in Eastern and Southern cultures
