Portrayal Of Women In The Fiction Of Henry Handel Richardson:

The Portrayal of Women in the Fiction of Henry Handel Richardson Eva Jarring Corones,1983 Henry Handel Richardson Michael Ackland,1996 Henry Handel Richardson is one of Australia s major novelists and one of the most elusive. An expatriate for most of her life she worked hard to maintain her privacy and to conceal her personal views behind an impartial authorial style. This study explores the well springs of her fiction her abiding concerns and the intellectual heritage which informs her major writing. *Henry Handel Richardson* Henry Handel Richardson,1997 Henry Handel Richardson is one of Australia s most important writers. She grew up in Victoria in the late nineteenth century and left Australia at the age of eighteen to pursue a musical career. This volume includes *The Getting of Wisdom* 1910 based on Richardson s own experiences at the Presbyterian Ladies College Melbourne in the late 1880 s together with four of her short stories about adolescence an extract from her memoir *Myself When Young* and some of her commentary and correspondence about the novel. *Empire Girls* Mandy Treagus,2014-05-12 The dominant form of the nineteenth century novel was the Bildungsroman a story of an individual s development that came to speak more widely of the aspirations of nineteenth century British society. Some of the most famous examples *David Copperfield* *Great Expectations* *Jane Eyre* validated the world from which they sprang in which even orphans could successfully make their way. *Empire Girls* the colonial heroine comes of age is a critical examination of three novels by writers from different regions of the British Empire Olive Schreiner s *The Story of An African Farm* South Africa Sara Jeannette Duncan s *A Daughter of Today* Canada and Henry Handel Richardson s *The Getting of Wisdom* Australia. All three novels commence as conventional Bildungsromane yet the plots of all diverge from the usual narrative structure as a result of both their colonial origins and the clash between their aspirational heroines and the plots available to them. In an analysis including gender empire nation and race *Empire Girls* provides new critical perspectives on the ways in which this dominant narrative form performs very differently when taken out of its metropolitan setting. *The Representation of Dance in Australian Novels* Melinda Jewell,2011 This book is an analysis of the textual representation of dance in the Australian novel since the late 1890s. It examines how the act of dance is variously portrayed how the word dance is used metaphorically to convey actual or imagined movement and how dance is written in a novelistic form. The author employs a wide range of theoretical approaches including postcolonial studies theories concerned with class gender metaphor and dance and in particular Jung s concept of the shadow and theories concerned with vision. Through these variegated approaches the study critiques the common view that dance is an expression of joie de vivre liberation transcendence order and beauty. This text also probes issues concerned with the enactment of dance in Australia and abroad and contributes to an understanding of how dance is translated into literature. It makes an important contribution because the study of dance in Australian literature has been minimal and this despite the reality that dance is prolific in Australian novels. literary style now became appreciated qualities The aim of this book is to illuminate a host of revealing but frequently overlooked details that form patterns essential for a deeper understanding and enjoyment of Stead's novels Intertextuality and the workings of conflicting discourses play prominent parts in the critical analyses of quests undertaken by Stead's female characters particularly that of Teresa Hawkins whose quest provides *For Love Alone* with its romance structure A combination of Northrop Frye's myth criticism with feminist and post colonial criticism opens the way for an in depth analysis of Teresa as a modern quest hero informed by literature but at odds with its conventional gender roles The intertextual perspective sheds light on her progress as well as on important parts of the literary context in which *For Love Alone* is embedded The concluding survey of Stead's other novels traces the development of Stead's treatment of female quest within the entire body of her fiction
