**Recasting Red Culture in Proletarian Japan** Samuel Perry,2014-01-31 Recasting Red Culture turns a critical eye on  
the influential proletarian cultural movement that flourished in 1920s and 1930s Japan This was a diverse cosmopolitan and  
highly contested moment in Japanese history when notions of political egalitarianism were being translated into cultural  
practices specific to the Japanese experience Both a political and historiographical intervention the book offers a fascinating  
account of the passions and antinomies that animated one of the most admirable intellectual and cultural movements of  
Japan s twentieth century and argues that proletarian literature cultural workers and institutions fundamentally enrich our  
understanding of Japanese culture What sustained the proletarian movement s faith in the idea that art and literature were  
indispensable to the task of revolution How did the movement manage to enlist artists teachers and scientist into its ranks  
and what sorts of contradictions arose in the merging of working class and bourgeois cultures Recasting Red Culture asks  
these and other questions as it historicizes proletarian Japan at the intersection of bourgeois aesthetics radical politics and a  
flourishing modern print culture Drawing parallels with the experiences of European revolutionaries the book vividly details  
how cultural activists recast forms of modern culture into practices commensurate with the goals of revolution Weaving over  
a dozen translated fairytales poems and short stories into his narrative Samuel Perry offers a fundamentally new approach to  
studying revolutionary culture By examining the margins of the proletarian cultural movement Perry effectively redefines its  
center as he closely reads and historicizes proletarian children s culture avant garde wall fiction and a literature that bears  
witness to Japan s fraught relationship with its Korean colony Along the way he shows how proletarian culture opened up  
new critical spaces in the intersections of class popular culture childhood gender and ethnicity      **Doing Comparative**

The End of Concern Fabio Lanza, 2017-08-31 In 1968 a cohort of politically engaged young academics established the Committee of Concerned Asian Scholars CCAS Critical of the field of Asian studies and its complicity with the United States policies in Vietnam the CCAS mounted a sweeping attack on the field s academic political and financial structures While the CCAS included scholars of Japan Korea and South and Southeast Asia the committee focused on Maoist China as it offered the possibility of an alternative politics and the transformation of the meaning of labor and the production of knowledge In The End of Concern Fabio Lanza traces the complete history of the CCAS outlining how its members worked to merge their politics and activism with their scholarship Lanza s story exceeds the intellectual history and legacy of the CCAS however he narrates a moment of transition in Cold War politics and how Maoist China influenced activists and intellectuals around the world becoming a central element in the political upheaval of the long 1960s

**Vor aller Augen** Gaby Zipfel, Regina

Mühlhäuser, Kirsten Campbell, 2021-11-22 In Essays Reflexionen und Gesprächen zeigen die Autorinnen dieses Bandes in welcher vielfältigen Konstellationen sexuelle Gewalt in bewaffneten Konflikten auftritt. Zusammengefasst im Rahmen der International Research Group Sexual Violence in Armed Conflict führt das Buch in die historischen Dimensionen ein und diskutiert zentrale politische und juristische Fragen der Gegenwart. Es geht um das Alltagswissen, dass sexuelle Gewalt in bewaffneten Konflikten allgegenwärtig ist. Gegenstand gesellschaftlicher Auseinandersetzungen und wissenschaftlicher Forschung wurde sie jedoch erst in jüngster Zeit. Die Frauenbewegungen und Antikriegsbewegungen der 1970er Jahre hatten Vergewaltigungen im Krieg und im Frieden öffentlich thematisiert, aber erst mit der Gründung der Internationalen Straßengerichte für das ehemalige Jugoslawien und für Ruanda in den 1990er Jahren begann man sexuelle Gewalt als Kriegsverbrechen, Verbrechen gegen die Menschlichkeit und Akt des Völkermords zu begreifen. Trotz dieser Entwicklungen mangelt es bis heute an effektiven Gegenstrategien und an einem Verständnis für die Komplexität dieser Form der Gewalt.

**Gender and Change in Hong Kong** Eliza Wing-Yee Lee, 2011-11-01 The 1980s and 1990s represent a critical historical juncture for Hong Kong as it underwent important social, political and economic transformations. This period of transition during which the state worked to redefine itself significantly altered the role and status of Hong Kong women. Colonial modernity, which arose through the integration of the colonial state, the capitalist economy and the Hong Kong Chinese society, proved favourable for some women but also had adverse consequences for others. It constructed women of different class interests and shaped the gendered citizenship of its colonial subjects. *Gender and Change in Hong Kong* analyzes women's changing identities and agencies amidst the complex interaction of three important forces: namely globalization, postcolonialism and Chinese patriarchy. The chapters examine the issues from a number of perspectives: to consider legal changes, political participation, the situation of working class and professional women, sexuality, religion and international migration. This incisive volume offers sophisticated theoretical discussions and original empirical findings and will appeal to a wide range of scholars and students in gender and women's studies, postcolonialism, globalization and Asian studies.
