Post911 Investor:

Spying in America in the Post 9/11 World Ronald A. Marks, 2010-11-02 This book examines the realities of living in the United States after the events of September 11th 2001 and evaluates the challenges in gathering internal intelligence without severely compromising personal liberties In the United States there are a staggering number of agents of the CIA FBI and state local and tribal police all authorized and empowered to collect intelligence But is there a way to use these vast resources to gather intelligence in a socially tolerable fashion and still maintain our cherished civil liberties This book presents a thorough investigation of intelligence collection in the United States that examines the delicate balance of civil liberties with the effectiveness of intelligence collection It contains a history of domestic intelligence in America a description of the various threats against our nation and a discussion of the complexities of deciding what kind of information needs to be collected and against whom The conclusion succinctly states the author's opinions on what needs to be done to best address the issue

Women, Insecurity, and Violence in a Post-9/11 World Bronwyn Winter, 2017-03-23 September 11 has become a temporal and symbolic marker of the world's brutal entry into the third millennium Nearly all discussions of world politics today include a tacit if not overt reference to that historical moment A decade and a half on Winter considers the impact of 9 11 on women around the world How were women affected by the events of that day Were all women affected in the same way Based on theoretical reflection empirical research and field work in different parts of the world each chapter of the book considers a different post 9 11 issue in relation to women global governance human security globalized militarism identity and sexuality in transnational feminist movements

The Paradoxes of Peacebuilding Post-9/11 Stephen Baranyi, 2009-02-01 What kind of peace is possible in the post 9 11 world Is sustainable peace an illusion in a world where foreign military interventions are replacing peace negotiations as starting points for postwar reconstruction What would it take to achieve durable peace in contexts as different as Afghanistan Mozambique and Sri Lanka This book presents six provocative case studies authored by respected peacebuilding practitioners in their own societies The studies address two cases of relative success Guatemala and Mozambique three cases of renewed but deeply fraught efforts Afghanistan Haiti and the Palestinian Territories and the case of Sri Lanka where peacebuilding was aborted but where the outlines of a new peace process can be discerned The book also includes original analyses of demobilization disarmament and reintegration processes in three different contexts written by teams of Northern and Southern analysts The Paradoxes of Peacebuilding Post 9 11 bridges the gap between minimalist and maximalist approaches to peacebuilding and gives voice to Southern researchers in Northern dominated debates It will interest practitioners and students of peace security and development studies as well as policymakers at many levels of government

Post-9/11, African American Style Freddy Cee, 2004-02 The news media was driving everyone crazy It started with Y2K then the Bush Gore presidential election controversy the Clinton pardons the September 11th attacks and the anthrax letters Wars subsequently ensued against Afghanistan the Taliban Al Qaeda and Iraq but not without fierce exchanges with the United Nations Sex and financial scandals erupted involving the Catholic Church and Wall Street Massive layoffs soaring debt and skyrocketing college tuition added to these The media never missed a beat Was there no escaping them The Nation's Capitol in commemorating last year's September 11th attacks was also preparing for an upcoming mayoral election The current incumbent was expected to breeze toward reelection but what followed seemed like a page out of William Shakespeare's *Comedy of Errors* This prompted a virtual unknown to launch a comedy contest to provide some comic relief for the city from this onslaught of negative news Only four contestants remained to compete for the prize money However only Archie Harris one of the four finalists showed up at the finale More bad news What will happen now Find out by reading *Post 9-11 African American Style Laughter Still Da Best Medicine Symposium*, 2008
