## **Post Impressionists:**

**Post-impressionism** Nathalia Brodskaja, 2010-01-01 Rich in its variety and in the singularity of its artists Post Impressionism was a passage taken by the well known figures of 20th century painting including Van Gogh Cezanne and Seurat Impressionism and Post-Impressionism Nathalia Brodskaja, 2018-03-13 Impressionism is the most famous artistic movement But what appears today as a charming and exquisite landscape painting was actually one of the first avant garde movements whose members had decided to fight the values of traditional art The impressionist outdoor paintings shocked the public by the technique used but also by their apparent banality As Monet Sisley Pissarro and many others sought to capture the ephemeral nature of light the next generation would reject naturalism Indeed post impressionists such as Gauguin Van Gogh Cezanne and Seurat favored the subjective rather than the objective and the eternal rather than the concrete In doing so they laid the formal foundations of 20th century modern art This book is a visual guide through the crucial moments in the history of art and the progression of the 19th century to modernity *Post-impressionism* John Rewald, 1978 A lavishly illustrated book that concentrates on the works of Van Gogh and Gauguin **Post-Impressionism** Emilie Dufresne, 2021-07-15 The work of post impressionists is some of the best known art in the world Vincent van Gogh was a post impressionist painter and so was Paul Cezanne Readers learn all about these famous post impressionists in this book alongside a friendly gallery worker guide The main features and techniques of post impressionism are covered and activities help readers create their own post impressionist masterpieces Including examples of famous post impressionist works an explanation of what an art gallery is and a quiz to aid in comprehension this book is a great introduction to an important movement in art history Post-Impressionists Linda Bolton, 2002-10-01 Discusses the characteristics of the Post Impressionism movement which began in the late 1880s and presents biographies of fifteen Post Impressionist artists

**Post-impressionism** Thomas Parsons, Iain Gale, 1999 Within a year of closing the last Impressionist exhibition in 1886 a large and disparate group of movements had appeared each with its own beliefs about the nature and function of art From Neo Impressionism to Symbolism from Gauguin and van Gogh to Matisse and Munch the program of 20th century art was emerging These individual styles are now collectively referred to as Post Impressionism This book imposes coherence and a sense of pattern upon this diverse mix of movements and individuals that reacted against the style and subject matter of the Impressionists The sociohistoric background against which Post Impressionism evolved and the international reverberations of the movement are presented Special emphasis is given to the revolution that Post Impressionism created in Russia which had effects far beyond the confines of art **The Post-impressionists** Martha Kapos, 1993 *Post-impressionists* Richard R. Brettell, Art Institute of Chicago, 1987 Presents color plates of sixty eight Post Impressionist art works from the collection of the Art Institute of Chicago Includes accompanying narrative *The Art of the Post-impressionists* Edmund Swinglehurst, 1996-02 A comprehensive introduction to the artistic movement known as post impressionism as well a

collection of great post impressionist works each of which includes an explanatory caption     Post-impressionism Colin Wiggins,1993 A visual guide to the post impressionist painters and the influences that shaped their work     *Impressionist and Post-impressionist Paintings in the Metropolitan Museum of Art* Metropolitan Museum of Art (New York, N.Y.),Charles S. Moffett,1985     The Post-impressionists Martha Kapos,1993 In 1910 the critic Roger Fry organized an exhibition at the Grafton Galleries London of avant garde painting which included works by Cezanne Van Gogh Gauguin and Matisse This exhibition became as important a landmark in the official histories of modern art as the subsequent Armory Show in America These artists did not belong to a single unified movement defined or recognized at the time and Fry in a quandary as to what to call the exhibition and losing patience at the last minute said Oh let s just call them Post Impressionists at any rate they came after the Impressionists In this way one of the important critical categories one of the isms of modern art was born But Post Impressionism was not a name which Van Gogh Gauguin Seurat or Cezanne or any artists of the period would have applied to themselves The documents in this book many of which appear in English for the first time show how artists and critics in the aftermath of Impressionism did describe themselves how they responded to tradition to each other and to the kaleidoscope of the contemporary scene This was a period of reconsideration of moving on from aspects of Impressionism and of coming to grips with the isolation that avant garde art had imposed on the individual artist It was a period in which the emphasis within Impressionism on the construction of painting purely by means of color had left artists with the question of how the power of this basic form related to their own feelings and to nature New ideas were coming from poetry as well as painting that laid the basis for modernism These issues and the personal struggles of the artists themselves are revealed in their letters and in the writings of friends and critics many of whom such as Mallarme Laforgue Huysmans and Proust were novelists and poets This book also includes commentaries from Rainer Maria Rilke Virginia Woolf and W H Auden as well as modern critics artists philosophers and art historians Georges Bataille Paul Klee and Meyer Schapiro on Van Gogh John Berger on Bonnard Maurice Merleau Ponty Clement Greenberg Adrian Stokes and Lawrence Gowing on Cezanne The text is illustrated with 119 colorplates and 125 black and white reproductions of contemporary photographs cartoons documents prints and drawings     Cézanne and the End of Impressionism Richard Shiff,2014-12-15 Drawing on a broad foundation in the history of nineteenth century French art Richard Shiff offers an innovative interpretation of C zanne s painting He shows how C zanne s style met the emerging criteria of a technique of originality and how it satisfied critics sympathetic to symbolism as well as to impressionism Expanding his study of the interaction of C zanne and his critics Shiff considers the problem of modern art in general He locates the core of modernism in a dialectic of making technique and finding originality Ultimately Shiff provides not only clarifying accounts of impressionism and symbolism but of a modern classicism as well

**Cubists and Post-impressionism** Arthur Jerome Eddy,2021-07-03 Excerpt Since the exhibit at the Columbian Exposition 1893 nothing has happened in the world of American art so stimulating as the recent INTERNATIONAL

EXHIBITION OF MODERN ART New York and Chicago spring of 1913 Stimulating is the word for while the recent exhibition may have lacked some of the good solidly painted pictures found in the earlier it contained so much that was fresh new original eccentric if you prefer that it gave our art world food for thought and heated controversy Art thrives on controversy like every human endeavour The fiercer the controversy the surer the sounder the saner the outcome

**Post-Impressionism** Flaminio Gualdoni,2008 Post Impressionism is a movement in France that represented both an extension of Impressionism and a rejection of that style s inherent limitations The term Post Impressionism was coined by the English art critic Roger Fry for the work of such late 19th century painters as Paul C zanne Georges Seurat Paul Gauguin Vincent van Gogh Henri de Toulouse Lautrec and others Most of these painters began as Impressionists each of them abandoned the style however to form his own highly personal art Impressionism was based in its strictest sense on the objective recording of nature in terms of the fugitive effects of colour and light The Post Impressionists rejected this limited aim in favour of more ambitious expression admitting their debt however to the pure brilliant colours of Impressionism its freedom from traditional subject matter and its technique of defining form with short brushstrokes of broken colour The work of these painters formed a basis for several contemporary trends and for early 20th century modernism *Impressionism and Post-impressionism, 1874-1904* Linda Nochlin,1966

**The Post-impressionists** Belinda Thomson,1983 *Vogue for Russia* Caroline Maclean,2015-01-20 Explores the influence of Russian aesthetics on British modernists In what ways was the British fascination with Russian arts politics and people linked to a renewed interest in the unseen How did ideas of Russianness and the Russian soul prompted by the arrival of the Ballets Russes and the rise of revolutionary ideals attach themselves to the existing British fashion for theosophy vitalism and occultism In answering these questions this study is the first to explore the overlap between Slavophilia and mysticism between 1900 and 1930 in Britain The main Russian characters that emerge are Fedor Dostoevsky Boris Anrep Vasily Kandinsky Petr Ouspensky and Sergei Eisenstein The British modernists include Roger Fry Virginia Woolf Mary Butts John Middleton Murry Michael Sadleir and Katherine Mansfield Key Features Draws on unpublished archive material as well as on periodicals exhibition catalogues reviews diaries fiction and the visual arts Addresses the omission in modernist studies of the importance of Russian aesthetics and Russian discourses of the occult to British modernism Challenges the dominant Western European and transatlantic focus in modernist studies and provides an original contribution to our understanding of new global modernisms Combines literary studies with aesthetics modernist history the history of modern esotericism film history periodical studies and science studies
