Post Imprebtions 100 Years Of The South China Morning Post:

Post Impressions Kevin Sinclair, 2003 *Present Day Impressions of the Far East and Prominent and Progressive Chinese at Home and Abroad* W. H. Morton Cameron, W. Feldwick, 1917 爱德华·斯托克斯, 1946--1947 Edward Stokes, Hedda Morrison, 2005 In September 1946 when the photographer Hedda Morrison reached Hong Kong it remained little changed from decades earlier Acclaimed for her images of China taken in the 1930s and 1940s Hedda Morrison delighted in recording the patterns of everyday life Now captivated by Hong Kong and its people she embraced the colony's diversity For six months cameras in hand Morrison roamed its districts streets coasts and valleys This book presents the people and places she encountered Within years much of what Hedda Morrison witnessed in 1946-47 would be swept aside Yet when she was there Hong Kong's life still had its old feel and traditions with colonial precincts tenement streets bustling markets itinerant hawkers fisherfolk and rice farmers In this book Morrison's memorable images are complemented by Edward Stokes' essays that portray the postwar years Hedda Morrison's photographs are the work of a masterful artistic photographer However fewer than thirty of this book's reproductions have ever been seen before It was those images first sighted in a 1946 government report that led Edward Stokes to begin searching for Morrison's original negatives which later were discovered at the Harvard-Yenching Library of Harvard University This is a unique record of a now vanished Hong Kong the most complete pictorial account of how the colony looked during the decades from the early 1930s to the 1950s Hedda Morrison's photographs will appeal to all who value documentary images Asian history and the ethnography of urban trades crafts and rural life **BOOK JACKET** **Australia's Asian Sporting Context, 1920s - 30s** Sean Brawley, Nick Guoth, 2013-10-18 This book examines Australia's sporting relationships with the Asian region during the interwar period Until now Australia's sporting relationships with the Asian region have been neglected by scholars of Australian and Asian sports history and the broader field of Australia's Asian context Concentrating on the period of the 1920s and 1930s when sporting relationships between Australia and a number of Asian nations emerged in a variety of sports this book demonstrates the depth of these previously under-examined connections The book challenges and complicates the broader historiography of Australia's Asian context a historiography that has been strongly influenced by the White Australia Policy and the Pacific War Why for example did white Australia so warmly welcome visiting Japanese sportsmen at a time when the Pacific region appeared to be inexorably sliding into a war that was informed by racial antagonisms This book examines sporting relations between Australia and seven Asian countries China Japan India Netherlands East Indies Philippines Malaya and Singapore and a range of sports including rugby football swimming hockey boxing cricket and tennis This book was published as a special issue of *Sport in Society* *Chinese Family Business and the Equal Inheritance System* Victor Zheng, 2009-12-17 This book disputes the traditional argument that the equal inheritance system hinders the growth of Chinese family business approaching this not only in terms of economic capital but also in terms of human capital such as education and leadership

and social networks Zheng argues that most of the family business patriarchs only focus on the passing on economic capital but give little attention to human capital and social capital when they come to the stage to transfer control to the next level. It further elaborates that the equal inheritance system itself isn't the destructive force that weakens family business competitiveness but can assist economic development by generating dynamism and capital. Based on extensive primary research, the work discusses how equal division encourages sibling comparison, analysing how such comparisons initially generate stress and anxiety but will ultimately galvanize competition benefiting the business. The author also assesses how family division can offer initial economic, human and social capitals that can motivate siblings to start their own businesses and be free from the subjugation sometimes associated with a family firm. Through the evaluation of these issues, the book argues that the equal inheritance system can be regarded as the origin of the self-employment mentality which not only fosters the growth of Chinese family business but plays a crucial role in promoting economic development. Providing a valuable contribution to the field, this work will be of great interest to all scholars of Chinese and Asian business. **Paradise Lust**

Brook Wilensky-Lanford, 2011-08-02 A certainly weird, strangely wonderful and often irresistible search to find the real Garden of Eden. The New York Times Book Review. Where precisely was God's Paradise? St Augustine had a theory. So did medieval monks John Calvin and Christopher Columbus. But when Darwin's theory of evolution changed our understanding of human origins, shouldn't the desire to put a literal Eden on the map have faded away? Not so fast. This gloriously researched, pluckily written historical and anecdotal essay of humankind's age-old quixotic quest for the exact location of the Biblical garden. Elle explores an obsession that has consumed scientists and theologians alike for centuries. To this day, the search continues, taken up by amateur explorers, clergymen, scholars, engineers and educators, romantic seekers, all who started with the same simple-sounding Bible verses only to end up at a different spot on the globe: Sri Lanka, the Seychelles, the North Pole, Mesopotamia, China, Iraq and Ohio. Inspired by an Eden-seeker in her own family, Wilensky-Lanford approaches her subjects with respect, enthusiasm and conscientious research. San Francisco Chronicle. As she traverses a century-spanning history, provoking surprising insights into where we came from, what we did wrong and where we go from here. And it all makes for a lively journey. Kirkus Reviews. **Small Business Management and Entrepreneurship in Hong Kong** Ali F.

Farhoomand, 2005-01-01 The case studies are topically diverse and span a range of managerial functions and sectors. This casebook is an anthology of 28 cases from the series. The cases are written with a strong management perspective to offer a practical and interesting look at how successful entrepreneur managers in Hong Kong systematically generate innovations in the shape of successful new products, services, processes and technologies when faced with various organizational and environmental challenges. They constitute a comprehensive self-contained course of study; each case can also be considered on its own. **Twentieth Century Impressions of Hongkong, Shanghai, and Other Treaty Ports of China** Arnold Wright, 1908

China's Role in Global Economic Recovery Xiaolan Fu, 2012-03-12 This book presents a wide-ranging assessment of

the current state of China's economy in relation to the global international economy. It discusses the role China has played in responding to the economic crisis, assesses the continuing strong prospects for further economic growth in China, and examines China's deepening integration into the world economy. Specific topics covered include China's foreign reserves and global economic recovery, the international expansion of Chinese multinationals, and China's private businesses and the role of technological innovation in China's economic growth. Overall, the book provides a wealth of detail and up-to-date insights concerning China's development path, growth potential, sustainability, and impact.

Unity and Diversity Tao Tao Liu, David Faure, 1996-03-01. This book examines the evolution of the local identity in China from historical times to the present day. It traces the expression of local identity in religion and myth in the construction of the provincial character in the growth of cities in literature, in economic development, and in the expansion of the Chinese state. It argues that the growth of a local identity was part and parcel of the evolution of a national character. But it notes also that the transforming of the local identity with the extension of the state has often come with a sense of nostalgia, a yearning for a world that has perhaps never been.

Die lautlose Eroberung Clive Hamilton, Mareike Ohlberg, 2020-05-11. Gefährlicher Rivale statt unverzichtbarer Partner. Mit welchen Strategien China die Welt erobert. Chinas Aufstieg zur Weltmacht ist unaufhaltsam. Lange erwartete man, dass sich das Land mit zunehmendem Wohlstand demokratisieren würde. Doch das Gegenteil ist der Fall. Die Kommunistische Partei Chinas will sich mit allen Mitteln an der Macht halten. Dafür werden Wirtschaft und Gesellschaft im eigenen Land auf Linie gebracht, und ein weitreichendes Programm wurde entwickelt, mit dem China die westlichen Demokratien unterwandert und eine neue Weltordnung etablieren will. Dabei setzt es nicht nur seine Wirtschaftsmacht als Waffe ein, sondern die gesamte Bandbreite seiner Politik. Wie viel Einfluss der chinesische Einfluss auch bei uns bereits ist, enthalten die beiden Autoren an zahlreichen Beispielen ein Anstoß zu einer dringend notwendigen Debatte. Wie soll Deutschland wie Europa mit der neuen Weltmacht China umgehen? Mit einem aktuellen Vorwort der Autoren.
