Mark Steyvers

Post Modern Aura:

Postmodern/drama Stephen Watt,1998 Scrutinizing the critical tendency to label texts or writers as postmodern scholar Stephen Watt argues that reading post modernly merely implies reading culture more broadly In contemporary drama Watt considers postmodernity less a question of genre or media than a mode of subjectivity shared by both playwright and audience 6 illustrations

Modernism - Dada - Postmodernism Richard Sheppard,2000 Modernism Dada Postmodernism collects updates integrates and contextualizes the critic Richard Sheppard s essays on the historical avant garde Sheppard s topic in all of these essays is the modernist writers artists and philosophers linguistic and visual responses to a changed sense of reality and human nature Beginning with an overview of the problematics of European modernism Sheppard establishes the dialectical relationship between the cultural crisis that occurred during the period 1880 1936 and the different responses from European modernists and the avant garde With its combination of classic and new essays and its perspective on the theoretical avant garde modernism debate in the United States Sheppard s volume should give the specialist as well as the general reader an insight into the highest sample of European scholarly discourse on this subject

Proust, Pastiche, and the Postmodern or Why Style Matters James F. Austin,2013-08-28 Proust Pastiche and the Postmodern or Why Style Matters argues against the traditional view that Marcel Proust wrote pastiches that is texts that imitate the style of another author to master his literary predecessors while sharpening his writerly quill On the contrary James F Austin demonstrates that Proust s oeuvre and *In Search of Lost Time* in particular deploy pastiche to other ends Proust s pastiches in fact do things with words to create powerful real world effects His works are indeed performative acts that forge social relationships redefine our ideas of literature and even work against oppressive political and economic discourses Building on the speech act theory of J L Austin Jacques Derrida and J Hillis Miller and on the postmodern theory of Fredric Jameson this book not only elucidates the performative nature of pastiche but also shows that the famous Goncourt pastiche from *In Search of Lost Time* has attracted so much attention because it already attained the postmodern that is it eliminated temporal depth and experience transforming time itself into a nostalgic style of an era and into the sort of aestheticized surface that came to define postmodernism decades later To reflect this transformation of pastiche this work rearticulates its history in France around Proust Reconfiguring a scholastic classically inspired pedagogical tradition based on imitation and breaking with the dominant satirical practice Proust s work opened up

possibilities in the twentieth century for a new kind of pastiche playful and performative in the literary field and postmodern in a French cinema that as with the Goncourt pastiche represents time as the visual style of an era whether unreflexively in heritage films such as Régis Wargnier's *Indochine* or discerningly in Eric Rohmer's *Lady and the Duke* which uses period pictorial and painterly conventions to illustrate how the representation of history onscreen typically flattens time into style

The Postmodern University Stanley Fogel, 1988 Postmodernism and deconstruction have rapidly and soberly been defined redefined and thus assimilated by academics in the humanities whose operant muse seems for the most part to be the desire to progress from assistant to associate to full professor Nonetheless these two recently developed concepts still contain the potential to disrupt clichéd and reified ways of reading and teaching In *The Postmodern University* Essays on the Deconstruction of the Humanities Stanley Fogel seeks to unearth and capitalize upon their destabilizing qualities His targets are university structures and practices the organization of the humanities the language and style of literary criticism and literary critics as well as propriety in the academy Fogel also examines a number of texts which display a postmodern sensibility

The Post-Modern Aura Charles Newman, 1985 Inflation affects literary occupations and preoccupations quite as much as it does financial scrip Starting from this premise Charles Newman ventures forth on an irreverent wide ranging discussion of the Post Modern attitude in fiction culture and sensibility Newman questions the revolutionary claims of avant garde novelists and literary theorists but he is no less critical of the arguments of neoconservatives neorealists and advocates of moral fiction Newman argues that neither of these groups has confronted the unprecedented break with tradition entailed by an economics and culture of inflation A combination of cultural critique literary criticism economic forecast and historical jeremiad *The Post Modern Aura* is finally a positive statement celebrating *The Act of Fiction* and suggesting how the forces which have been devaluing it might be overcome

Bergoffen, Simon Glynn, 1995 Examines the implications of recent continental epistemology challenging the relationship between traditional analytic continental and postmodern understandings of science showing that the challenging circumstances of the scientific project are transforming the role and meaning of science in the modern postmodern world

Postmoderne--über die Untauglichkeit eines Begriffs der Philosophie, Architekturtheorie und Literaturtheorie Daniel Krause, 2007 Begriffe die alles bedeuten bedeuten nichts So auch Postmoderne In Philosophie Architektur und Literaturtheorie erfährt dieser Begriff unzählige Deutungen Sie sind ganzlich verschieden teilweise unvereinbar Oft genug sind sie immanent widersprüchlich Es gilt zu zeigen an welchen Widersprüchen und Unvereinbarkeiten der Postmoderne Diskurs scheitert Die Analytische Philosophie firmiert als methodisches Leitbild Aber schon Goethe fordert Genauigkeit und Klarheit des Ausdrucks gegen Dunkelheit die sich als Tiefe missversteht Sprich vom Geheimnis nicht geheimnisvoll **Ezra**

Pound's (post)modern Poetics and Politics Roxana Preda, 2001 Ezra Pound the poet called the contemporary of our grandchildren has exercised enormous influence on the development of American poetry and criticism This impact on the world of letters is only grudgingly acknowledged today since it comes from a poet tainted by fascism and anti-Semitism This book follows the contours of our love for his poetics and hate for his politics juxtaposing Pound's work to postmodern theory The contrasts prevail in the relation of language to reality in the moral and political commitments and in the vision of history At the same time Pound's poetic practices particularly his collage techniques and series of Englishes overflowed his political ideology It is this overflow that makes him so fascinating to intellectuals and the main reason we study his work with respect now

Postmodern Currents Margot Lovejoy, 1997 Postmodern Currents Art and Artists in the Age of Electronic Media explores in detail the growing impact of video and computer technologies and of the Internet on aesthetic experience and examines the emerging role of the artist as social communicator It recounts the involvement of such artists as Jenny Holzer Nam June Paik Bill Viola Gary Hill and Laurie Anderson among others with electronic media and discusses the important economic social and aesthetic issues these new technologies imply
