Rules of Engagement? Stjepan Mestrovic, 2008 Blackwater Abu Ghraib and other scandals in Iraq were presaged by the murderous Operation Iron Triangle in May 2006 when US soldiers were ordered to kill all Iraqis of military age The soldiers were imprisoned the officer was merely reprimanded Mestrovic details the American leadership OCOs fake commitment to the Geneva Conventions and the rule of law fake due process for defendants fake goals of promoting democracy and compulsion to repeat our errors in Vietnam The Blackwater scandal involved killing unarmed Iraqis in accordance with rules of engagement that were apparently similar to the case analyzed in these pages

Social Theory and Religion James A. Beckford, 2003-08-21 Many aspects of religion are puzzling these days This book looks at ways of improving our understanding of religious change by strengthening the links between social theory and the social scientific study of religion It clarifies the social processes involved in constructing religion and non religion in public and private life Taking illustrations of the importance of these boundaries from studies of secularisation religious diversity globalisation religious movements and self identity James A Beckford reviews the current state of social scientific knowledge about religion

The Postemotional Bully Stjepan Mestrovic, 2014-12-15 The topics of bullying and hazing have sparked interest and discussion in recent years Hazing is a crime in the United States and Western nations have made efforts to stamp out bullying in schools the workplace and institutions However for the most part bullying and hazing are ill defined and lack theoretical perspective Mestrovic brings classical as well as contemporary social theory to bear on this discussion Thorstein Veblen defined the predatory barbarian as the social type enshrined by modernity who prefers to use force over peaceable means to achieve ends On the other extreme Marcel Mauss wrote about the spirit of the gift and its obligations to give to receive and to reciprocate as the fundamental basis of social life Yet he argued that the spirit of modernity was disappearing with the progress of modernity Mestrovic traces this fundamental opposition between barbaric force or bullying versus benign obligation that is the spirit of the gift through a host of modernist and postmodernist thinkers and theories He introduces the concept of the postemotional bully as an alternative to both of these major bodies of social theory The postemotional bully as a social type is fungible beset by screen images on media and social media that are isolating and is at the mercy of the peer group Case studies focus on bullying and hazing specifically the cases of an American soldier who committed suicide in Afghanistan instances of torture at Abu Ghraib and the murder of a 23 year old African American inmate in a Southern state prison in the US

Culture Industry Today Fabio A. Durão, 2020-05-22 The concept of culture industry leads a double life On the one hand it appears as transparent being used widely and freely in reference to a branch of business on the other it is a notion belonging to a critical tradition that wants to preserve the tension resulting from the juxtaposition of these two words Culture Industry Today is a contribution to the latter trend which takes into account the current prevalence of the former By offering interpretations of the term in relation to philosophy media television the Third World the psyche and the culture of consumption the book aims

at showing the continued relevance of an expression whose muteness is the corroboration of its darkest content

Moral Culture Keith Tester, 1997-05-06 Book on sociology and morality **Welche Kundenorientierung?** Stephan Voswinkel, 2005 Ist es wahr, da wir hierzulande in einer Dienstleistungswelt leben mit miserabler Servicekultur und mangelhafter Kundenorientierung? Statt sich der wohlfeilen Kritik anzuschließen, plädiert dieses Buch dafür, die komplexen Bedingungen und vielfältigen Anforderungen von Dienstleistungsarbeit erst einmal genau unter die Lupe zu nehmen. Das geschieht hier anhand intensiver Fallstudien im Einzelhandel und im Gastgewerbe und durch eine systematische Reflexion der Arbeitspraxis. Dabei zeigt sich, dass die Beschäftigten im Kundenkontakt widersprüchlichen Erwartungen von Organisation und Kunden gegenüberstehen. Während die Dienstleister ihren Kunden als Person wahr und wichtig nehmen, möchten sie eine oft bürokratische Kundenorientierung der Unternehmen, eine distanzierte Beziehung. Während die Beschäftigten dem oft anzutreffenden Mangel an Anerkennung zu begegnen versuchen, indem sie ihre Arbeit als Hilfeleistung oder Beratung interpretieren, wird von ihnen zugleich Verkaufsförderung, Kundenkontrolle und Störungsbeseitigung verlangt. Erst wenn man diese und viele andere Paradoxien offenlegt, wird klar, worin eine professionelle Kundenorientierung bestehen könnte: die zu einer zivilen statt einer servilen Dienstleistungsarbeit beiträgt. The Conceit of Innocence Stjepan Gabriel Meštrović, 1997 Innocence may be lost in the post Cold War West with regard to democratic reform in Eastern Europe, but the practice of a conceit of innocence or imitation of a purity of action commonly associated with the 1950s is the theme explored in this unusual collection of essays contributed by a number of varied professionals ranging from sociologist, anthropologist, journalist, political scientist and other fields **Geschlecht, Emotion und Politik** Birgit Sauer, 1997
