Place and Replace Esyllt W. Jones, Adele Perry, Leah Morton, 2013 A multidisciplinary analysis of the Canadian West

Post-prairie Jon Paul Fiorentino, Robert Kroetsch, 2005 Twenty five authors come together in this groundbreaking collection to recreate prairie poetry as it was known in the 20th century

Writing in Dust Jenny Kerber, 2011-03-17 Writing in Dust is the first sustained study of prairie Canadian literature from an ecocritical perspective Drawing on recent scholarship in environmental theory and criticism Jenny Kerber considers the ways in which prairie writers have negotiated processes of ecological and cultural change in the region from the early twentieth century to the present The book begins by proposing that current environmental problems in the prairie region can be understood by examining the longstanding tendency to describe its diverse terrain in dualistic terms either as an idyllic natural space or as an irredeemable wasteland It inquires into the sources of stories that naturalize ecological prosperity and hardship and investigates how such narratives have been deployed from the period of colonial settlement to the present It then considers the ways in which works by both canonical and more recent writers ranging from Robert Stead W O Mitchell and Margaret Laurence to Tim Lilburn Louise Halfe and Thomas King consistently challenge these dualistic landscape myths proposing alternatives for the development of more ecologically just and sustainable relationships among people and between humans and their physical environments Writing in Dust asserts that reading environmentally can help us to better understand a host of issues facing prairie inhabitants today

including the environmental impacts of industrial agriculture resource extraction climate change shifting urban rural demographics the significance of Indigenous understandings of human nature relationships and the complex often contradictory meanings of eco cultural metaphors of alien invasiveness hybridity and wildness

These 17 essays ponder the character of prairie literature What is prairie literature now what has it been and what is its future That the prairies are west of Eden is an idea only and a somewhat mischievous one Is this spot distant from the glory of the garden Writers have often pondered the ambiguous sanctity of the prairies while those who recruited settlers certainly exploited the notion These varied essays engage with Margaret Laurence Rudy Wiebe and Neil Young They present analysis of NFB films and the gopher as icon Here are strategies for teaching and views of the Canadian prairies from abroad This is a significant collection of fresh views of prairie literature
