Turismo y relaciones internacionales. Aspectos sociales, culturales, económicos y ambientales Esteban Alonso, Alfonso de, Esteban Curiel, Javier de, 2014-09-19 El papel del turismo en las relaciones internacionales es en la actualidad un fenómeno de grandes consecuencias económicas sociales culturales y ambientales Pese a ello el mundo académico todavía ha abordado escasamente su estudio y teoría del conocimiento lo que significa que en el turismo como estudio científico existe un importante vacío de análisis epistemológicos en esta realidad de las relaciones internacionales Esta carencia hace que el turismo no esté todavía sustentado en una extensa base teórica por lo que se hace necesario obtenerla de la conjugación de otras áreas tales como la sociología la economía la antropología la geografía o las relaciones internacionales entre otras El estudio de este fenómeno en las relaciones internacionales requiere de un enfoque multidisciplinario que en ocasiones no siempre es aceptado y convalidado por las diferentes visiones de las ciencias sociales pues la propia multidisciplinariedad del turismo inviabiliza el análisis unilateral de una ciencia social e incluso del investigador Este libro es fruto del intercambio de experiencias y conocimientos acaecidos en torno a la celebración del Seminario especializado en turismo que tuvo lugar en Benissa los días 5 y 6 de Noviembre 2010 y que fue organizado por la Fundación Ciencias Sociales y Mundo Mediterráneo con la colaboración y patrocinio de la Universidad Rey Juan Carlos y del Excmo Ayuntamiento de Benissa

Encuesta nacional de gastos de los hogares, 1996/97: Región Noroeste, resultados definitivos, 1998 **The Taste of Nostalgia** Amy Cox Hall, 2024-11-26 An exploration of gender race and food in Peru in the 1950s and 1960s and today From the late 1940s to the mid 1960s Peru's rapid industrialization and anti communist authoritarianism coincided with the rise of mass produced cookbooks the first televised cooking shows glossy lifestyle magazines and imported domestic appliances and foodstuffs Amy Cox Hall's *The Taste of Nostalgia* uses taste as a thematic and analytic thread to examine the ways that women race and the

kitchen were foundational to Peruvian longings for modernity both during the Cold War and today Drawing on interviews personal stories media images and archival and ethnographic research Cox Hall considers how elite European descended women and the urban home were central to Peru s modernizing project and finds that all women who labored within the deeply racialized and gendered world of food helped set the stage for a Peruvian food nationalism that is now global in the twenty first century Cox Hall skillfully connects how the sometimes unsavory tastes of the past are served again in today s profitable and pervasive gastronostalgia that helps sell Peru and its cuisine both at home and abroad
