Postsecret Extraordinary Confessions From Ordinary Lives:

PostSecret ,2006 You are invited to anonymously contribute a secret to a group art project Your secret can be a regret fear betrayal desire confession or childhood humiliation Reveal anything as long as it is true and you have never shared it with anyone before Be brief Be legible Be creative So began Frank Warren s PostSecret project when he handed out postcards to strangers and asked for them to mail it back In under a year more than 10 000 did so and their secrets were sometimes moving or funny or just plain weird I stole valium from my epileptic dog I waste office supplies because I hate my boss and I ve always wanted to rob a bank All of these thought provoking confessions are superbly illustrated throughout and reveal much about the modern state of life This book is a great conversation piece fascinating to flick through and almost unputdownable once you have From Whom No Secrets are Hid Walter Brueggemann,2014-01-01

The Psalms express the most elemental human emotions representing situations in which people are most vulnerable ecstatic or driven to the extremities of life and faith Many people may be familiar with a few Psalms or sing them as part of worship Here highly respected author Walter Brueggemann offers readers an additional use for the Psalms as scripted prayers we perform to help us reveal ourselves to God Brueggemann explores the rich historical literary theological and spiritual content of the Psalms while focusing on various themes such as praise lament violence and wisdom He skillfully describes Israel s expression of faith as sung through the Psalms situates the Psalmic liturgical tradition in its ancient context and encourages contemporary readers to continue to perform them as part of their own worship experiences Brueggemann s masterful take on the Psalms as prayers will help readers to unveil their hopes and fears before God and in turn feel God s grace unveiled to them

Stories of the Self Anna Poletti,2020-08-25 The importance of personal storytelling in contemporary culture and politics In an age where our experiences are processed and filtered through a wide variety of mediums both digital and physical how do we tell our own story How do we get a life make sense of who we are and the way we live and communicate that to others Stories of the Self takes the literary study of autobiography and opens it up to a broad and fascinating range of material practices beyond the book investigating the manifold ways people are documenting themselves in contemporary culture Anna Poletti explores Andy Warhol s Time Capsules a collection of six hundred cardboard boxes filled with text objects from the artist s everyday life the mid aughts crowdsourced digital archive PostSecret queer zine culture and its practices of remixing and collaging and the bureaucratic processes surrounding surveillance dossiers Stories of the Self argues that while there is a strong emphasis on the importance of personal storytelling in contemporary culture and politics mediation is just as important in establishing the credibility and legibility of life writing Poletti argues that the very media used for writing our lives intrinsically shapes how we are seen to matter **Honest to God Preaching** Brent A. Strawn,2021-12-07 Old Testament scholar and interpreter Brent A Strawn focuses on the importance of honesty in preaching especially around three challenging Old Testament themes sin suffering and violence He makes the case that preaching honestly is critical in the

church today Without honesty regarding these topics there is no way forward to reconciliation health and recovery Further it is imperative for today s preachers to deal with the questions of faith arising from these themes in the biblical text itself In addition to key scripture passages he turns to several contemporary authors and works as dialogue partners on the three themes Asserting that keeping secrets can lead to a kind of sickness Strawn uses texts from the Pentateuch and the Psalms to model honesty about sin without which there can be no reconciliation and honesty about suffering without which there can be no healing He also looks at the book of Joshua and various psalms to model honesty about violence which can serve as a way to contain limit and ultimately transcend violence Strawn frames these themes specifically for working preachers so they can create sermons that speak to these thorny themes with depth and clarity *100 Opinions You Can Trust on Postsecret* Joseph Cropper,2013-02 In this book we have hand picked the most sophisticated unanticipated absorbing if not at times crackpot original and musing book reviews of PostSecret Extraordinary Confessions from Ordinary Lives Don t say we didn t warn you these reviews are known to shock with their unconventionality or intimacy Some may be startled by their biting sincerity others may be spellbound by their unbridled flights of fantasy Don t buy this book if 1 You don t have nerves of steel 2 You expect to get pregnant in the next five minutes 3 You ve heard it all *The Future of Text and Image* Ofra Amihay,Lauren Walsh,2012 The question of the relation between the visual and the textual in literature is at the heart of an increasing number of scholarly projects and in turn the investigation of evolving visual verbal dynamics is becoming an independent discipline This volume explores these profound literary shifts through the work of twelve talented and in some cases emerging scholars who study text and image relations in diverse forms and contexts The inter medial conjunctures investigated in this book play with and against the traditional roles of the visual and the verbal The Future of Text and Image presents explorations of the incorporation of visual elements into works of literature of visual writing modes and of the textuality and literariness of images It focuses on the special potential literature offers for the combination of these two functions Alongside examinations of major forms and genres such as memoirs novels and poetry this volume expands the discussion of text and image relations into more marginal forms for instance collage books the PostSecret collections of anonymous postcards and digital poetry In other words while exploring the destiny of text and image as an independent discipline this volume simultaneously looks at the very literal future of text and image forms in an ever changing technological reality The essays in this book will help to define the emergent practices and politics of this growing field of study and at the same time reflect the tremendous significance of the visual in today TM s image culture **Jeff Herman's Guide to Book Publishers, Editors & Literary Agents 2007** Jeff Herman,2006-12 Presents a guide to the names and specialties of American and Canadian publishers editors and literary agents including information on the acquisition process and on choosing literary agents *Quill & Quire* ,2007 **Bowker Annual Library and Book Trade Almanac** Information Today Inc,2007 **Proceedings ...
