Achieving Democracy Mary Fran T. Malone, 2015-12-24 Democracy is the ability to participate freely and equally in the political and economic affairs of the country Americans have relied on philosophical pragmatism and on the impulse of political progressivism to express those creedal democratic values Achieving Democracy argues that in the last 30 years however by focusing on free markets and small government America has since lost its grasp on these crucial democratic values Economically the vast majority of Americans have been made worse off due to a historically unprecedented redistribution of wealth from the lower and middle classes to the top one percent Politically partisan gridlock has hampered efforts to seek fairer taxes responsive and effective regulation reliable health care and better education among other needs Achieving Democracy critiques the history of the last 30 years of neoliberal government in the United States and enables an understanding of the dynamic and changing nature of contemporary government and the future of the regulatory state Sidney A Shapiro and Joseph P Tomain demonstrate how lessons from the past can be applied today to regain essential democratic losses within the successful framework of a progressive government to ultimately construct a good society for all citizens

Peacebuilding in a Fractious World Richard Penaskovic, Mustafa Sahin, 2017-10-23 In January 2017 Mikhail Gorbachev former president of the Soviet Union said that it looks as if the world is preparing for war And Pope Francis noted that war is already being fought piecemeal around the world In this book we argue that since violence begets violence we must privilege soft power over military might if we are to have peace on earth Gandhi used soft power in India overcame British military might and King used it to bring about integration in the 1960s Soft power brought about the nuclear nonproliferation treaty the Kyoto climate agreement and Iran's agreement to refrain from making nuclear weapons Soft power involves both dialogue between world leaders and conflict resolution and privileges diplomacy over war As
