Billy Bill Green, 2011-02-25 Bill Green was born in England in 1936 He was evacuated at the outbreak of World War II in 1939 After the war he went to Boarding School and at age seventeen joined the Royal Navy serving in submarines for 25 years He now lives in Perth Western Australia People who read this book made the following comments alex 13 April 2011 I found BILLY one of those rare books you read which you can't stop reading but you don't want to finish I hope Bill Green writes a sequel elpokid 2 May 2011 BILLY What a great read The book made me realise how hard and cruel life was during and after the war My only disappointment was that the book had to come to an end I found myself rationing my reading time just to stretch out the remaining pages jobgre 9 May 2011

BILLY This book gives a very descriptive account of how life was for evacuees during World War 2 What is also apparent is that life for the author and his brother were not just hard when evacuated but did not change when they returned to the care of their father and stepmother An extremely good read which I would recommend **Terror Television** John Kenneth Muir,2013-02-25 Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter s The X Files such has not always been the case Creators Rod Serling Dan Curtis William Castle Quinn Martin John Newland George Romero Stephen King David Lynch Wes Craven Sam Raimi Aaron Spelling and others have toiled to bring the horror genre to American living rooms for years This large scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology Night Gallery 1970 a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube through more than 30 programs including those of the 1998 1999 season Complete histories critical reception episode guides cast crew and guest star information as well as series reviews are included along with footnotes a lengthy bibliography and an in depth index From Kolchak The Night Stalker to Millennium from The Evil Touch to Buffy the Vampire Slayer and Twin Peaks Terror Television is a detailed reference guide to three decades of frightening television programs both memorable and obscure **I'll Take That One** William B Green,2019-01-29 An autobiography that takes an in depth look at how evacuees were treated in WW2 Shows the chaos of the evacuee system at the start of the war A story which vividly explores the loneliness and fear of being an evacuee The Second World War was a global cataclysm that resulted in the death of more than 60 million people In 1940 at the onset of this grim period in history a young boy begins his own journey one that irrevocably changes the course of his life In this poignant memoir the author shares a rare glimpse into what it was like growing up and living during this era The memoir begins at the outbreak of the Second World War with the Author and his brother along with hundreds of other children being evacuated to the coast His story progresses through a series of events that change his life dramatically as a young boy This is a real life account of fates that become inextricably entwined amidst the clamour of wartime and the transformational odyssey of a young boy growing up during a volatile period Harrowing and inspirational I ll Take That One is a profound read that seamlessly merges history with personal experience and brings down the phenomenon of war into a real and humanized level The story potently captures the Second World War zeitgeist while actively demonstrating the unwavering essence of the human spirit The Blue-coat Boys; Or, School Life in Christ's Hospital William Harnett Blanch,1877 **The Mothers' treasury** ,1723 *Memoirs of the American Folk-lore Society* ,1895 **Sunday** ,1881 *Korean Poetry* ,1984 **The Potato World** ,1961 *Transactions of the Highland and Agricultural Society of Scotland* Highland and Agricultural Society of Scotland,1880 *Scientific American* ,1882 Monthly magazine devoted to topics of general scientific interest *Annual Report of the Minister of Agriculture and Food* Ontario.
