## **Poverty And Progress Social Mobility In A Nineteenth Century City:**

Poverty and Progress Stephan Thernstrom, 1971

**The Making of Urban America** Raymond A. Mohl, Roger

Biles, 2023-10-03 The revised and updated third edition of *The Making of Urban America* includes seven new articles and a richly detailed historiographical essay that discusses the vast urban history literature added to the canon since the publication of the second edition. The authors extensively revised introductions and the fifteen reprinted articles trace urban development from the preindustrial city to the twentieth century city. With emphasis on the social, economic, political, commercial, and cultural aspects of urban history, these essays illustrate the growth and change that created modern day urban life. Dynamic topics such as technology, immigration, and ethnicity, suburbanization, sunbelt cities, urban political history, and planning and housing are examined. *The Making of Urban America* is the only reader available that covers all of U.S. urban history and that also includes the most recent interpretive scholarship on the subject.

**The Writing of American History** Michael Kraus, Davis D. Joyce, 1990-01-01 Events which become historical, says Michael Kraus, do not live on because of their mere occurrence. They survive when writers re-create them and thus preserve for posterity their otherwise fleeting existence. Paul Revere's ride, for example, might well have vanished from the records had not Longfellow snatched it from approaching oblivion and given it a dramatic spot in American history. Now Revere rides on in spirited passages in our history books. In this way the recorder of events becomes almost as important as the events themselves. In other words, historiography, the study of historians and their particular contributions to the body of historical records, must not be ignored by those who seriously wish to understand the past. When the first edition of Michael Kraus's *Writing of American History* was published, a reviewer for the *New York Herald Tribune* wrote: "No serious study of our national origins and development can afford not to have such an aid as this at his elbow." The book quickly came to be regarded as one of the few truly standard general surveys of American historiography, invaluable as a reference book, as a textbook, and as a highly readable source of information for the interested general reader. This new edition, with coauthor Davis D. Joyce, confirms its position as the definitive work in the field. Concise yet comprehensive, here is an analysis of the writers and writings of American history from the Norse voyages to modern times. The book has its roots in Kraus's pioneering *History of American History*, published in 1937, a unique and successful attempt to cover in one volume the entire sweep of American historical activity. Kraus revised and updated the book in 1953 when it was published under the present title. Now, once again, the demand for its revision has been met. Davis D. Joyce, with the full cooperation and approval of Kraus, has thoroughly revised and brought up to date the text of the 1953 edition. The clarity and evenhandedness of Kraus's text has been carefully preserved. The last three chapters add entirely new material surveying the massive and complex body of American historical writing since World War II: Consensus American Historical Writing in the 1950s; Conflict American Historical Writing in the 1960s; and Complexity American Historical Writing in the 1970s and Beyond. Michael Kraus, Professor Emeritus at City College of New York, received

the Ph D from Columbia University and in his long career established himself as one of America s foremost historiographers Davis D Joyce is Professor Emeritus of History East Central University Ada Oklahoma and is the author of HOWARD ZINN A RADICAL AMERICAN VISION and ALTERNATIVE OKLAHOMA CONTRARIAN VIEWS OF THE SOONER STATE He teaches part time at Rogers State University Claremore Oklahoma **Timing the Future Metropolis** Peter Ekman,2024-11-15

Timing the Future Metropolis an intellectual history of planning urbanism design and social science explores the network of postwar institutions formed amid specters of urban crisis and renewal that set out to envision the future of the American city Peter Ekman focuses on one decisive node in the network the Joint Center for Urban Studies founded in 1959 by scholars at Harvard and MIT Through its sprawling programs of organized research its manifold connections to universities foundations publishers and policymakers and its years of consultation on the planning of a new city in Venezuela Ciudad Guayana the Joint Center became preoccupied with the question of how to conceptualize the urban future as an object of knowledge Timing the Future Metropolis ultimately compels a broader reflection on temporality in urban planning rethinking how we might imagine cities yet to come and the consequences of deciding not to **Soziale Mobilität und Chancengleichheit**

**im 19. und 20. Jahrhundert** Hartmut Kaelble,1983 **Angestellte zwischen Faschismus und Demokratie** Jürgen Kocka,1977 **The "Underclass" Debate** Michael B. Katz,2018-06-05 Do ominous reports of an emerging underclass reveal an unprecedented crisis in American society Or are social commentators simply rediscovering the tragedy of recurring urban poverty as they seem to do every few decades Although social scientists and members of the public make frequent assumptions about these questions they have little information about the crucial differences between past and present By providing a badly needed historical context these essays reframe today s underclass debate Realizing that labels of social pathology echo fruitless distinctions between the deserving and undeserving poor the contributors focus not on individual and family behavior but on a complex set of processes that have been at work over a long period degrading the inner cities and inevitably the nation as a whole How do individuals among the urban poor manage to survive How have they created a dissident infrapolitics How have social relations within the urban ghettos changed What has been the effect of industrial restructuring on poverty Besides exploring these questions the contributors discuss the influence of African traditions on the family patterns of African Americans the origins of institutions that serve the urban poor the reasons for the crisis in urban education the achievements and limits of the War on Poverty and the role of income transfers earnings and the contributions of family members in overcoming poverty The message of the essays is clear Americans will flourish or fail together

*Vierteljahrschrift für Sozial- und Wirtschaftsgeschichte* ,1981 **Poverty and Progress** Stephan Thernstrom,1964

*Geschichte der sozialen Mobilität seit der industriellen Revolution* Hartmut Kaelble,1978 **Making the Irish**

**American** J.J. Lee,Marion R. Casey,2006-02 This lavish compendium looks at the Irish and America from a variety of perspectives USA TodayFrom the double meaning of its title to its roster of impressive contributors Making the Irish

Americans destined for the bookshelves of all readers who aim to keep up on Irish American history. In *Making the Irish American*, the editors J. J. Lee and Marion R. Casey have compiled an illustrated 700 page volume that traces the history of the Irish in the United States and shows the impact America has had on its Irish immigrants and vice versa. The book's 29 articles deal with various aspects of Irish American life including labor and unions, discrimination, politics, sports, entertainment, and nationalism, as well as the future of Irish America. Among the contributors are Calvin Trillin, Pete Hamill, Daniel Patrick Moynihan, and the editors. Associated Press. This massive volume, copublished with Glucksman Ireland House at NYU, covers the Americanization of the Irish in 29 chapters. Eileen Reilly takes a comprehensive albeit sanitized look at the history of Ireland up to the present, covering everything from famine to the Good Friday accords. One thing that stands out is the remarkable misogynistic burden that Eamon DeValera's policies placed on Irish women: a married woman could not teach, and the government seemed to have a vested interest in her sexual habits even through the 1980s. As the Irish inundated America during the Great Famine, we see them crawl up the ladder of success with the help of the ubiquitous Bridget, the indispensable Irish maids whose work spanned two centuries. Novelist Peter Quinn looks at Irish progress from Paddies to Pats. The importance of labor unions in the rise of the Irish into the middle class is documented, as well as how, through battle in two world wars, the Irish finally earned their acceptance as nonhyphenated Americans, capped off by John F. Kennedy's election as president in 1960. This extremely thorough, thoughtful volume covers all the Irish bases up to the present. Publishers Weekly. Featuring 29 classic and original essays on the turbulent, vital, and fascinating story of the Irish in America. The contributors include Linda Dowling, Almeida, Margaret Lynch, Brennan, Marion R. Casey, David Noel Doyle, Pete Hamill, Kevin Kenny, Rebecca S. Miller, Mick Moloney, Daniel Patrick Moynihan, Peter Quinn, and Calvin Trillin. All it takes is one St. Patrick's Day in the United States to realize that the Irish did not dissolve into the melting pot; they took possession of it. Few other immigrant peoples have exerted such pervasive influence, have left so deep an impression, have made their values and concerns so central to the destiny of their new country. In *Making the Irish American*, J. J. Lee and Marion R. Casey offer a feast of twenty-nine perspectives on the turbulent, vital, endlessly fascinating story of the Irish in America. Combining original research with reprints of classic works, these essays and articles extend far beyond a survey to offer a truly rich understanding of the Irish immigrant impact on America and America's impact on the Irish immigrant. Here the reader will find a brisk, compact history of Ireland itself and a wide-ranging critique of Irish American historiography, as well as explorations of the multiple complications of religion reflected in the fluctuating and sometimes tempestuous relations between Catholic and Protestant Irish and Scotch Irish. The authors explore the various channels through which the Irish men and women have made their mark, from politics to labor organization, from domestic service to popular and traditional music, from sport to step dancing. Classic reprints include Daniel Patrick Moynihan's study of the Irish in New York, Pete Hamill's memoir of President Kennedy recollecting the responses around him in Belfast at the time of the assassination, Calvin Trillin

New Yorker profile of Judge James J. Comerford, long the iron-handed boss of the New York City Police Department, 1967. *Die Juden Wiens, 1867-1914* Marsha L. Rozenblit, 1989. *Arbeiterleben und Arbeiterkultur* Jürgen Kocka, Jürgen Schmidt, 2015. Wie lebten Handwerker, Land, Heim und Fabrikarbeiter im 19. Jahrhundert? Jürgen Kocka stellt dar, wie im Spannungsfeld von Kapitalismus, Bürgergesellschaft und Staat eine neue deutsche Arbeiterklasse entstand. Band 3 der Reihe *Geschichte der Arbeiter und der Arbeiterbewegung in Deutschland* seit dem Ende des 18. Jh. zeigt, wie Arbeiterinnen und Arbeiter zwischen Pauperismus und industrieller Revolution arbeiteten, darben, feierten, konsumierten, in Krisen litten, ihr Leben organisierten und sich behaupteten. Lebensläufe, Familienverhältnisse, Wanderungen, die Bildung und die Mentalitäten der Arbeiter, ihre Hoffnungen und Ängste kommen ebenso zur Sprache wie die Konsolidierung neuer politischer und sozialer Ansprüche zwischen Vormärz und Kaiserreich. **Across the Board**, 1979. **Land der begrenzten Möglichkeiten** Ernest A. Menze, 1975. *Handbuch der empirischen Sozialforschung: Soziale Schichtung und Mobilität* René König, 1973. **From Opportunity to Entitlement** Gareth Davies, 1996. That shift Davies argues was part of a broader transformation in political values that had devastating consequences for the Democratic Party in particular and for the cause of liberalism generally. Sons and Daughters of Labor Ileen A. DeVault, 1986. **The Informed Reader** Charles Bazerman, 1989. **New Jersey's Ethnic Heritage : Papers Presented at the Eighth Annual New Jersey History Symposium, December 4, 1976** Paul A. Stellhorn, 1978.
