Memory in Post-Authoritarian Transitions, Volume One Joanna Marszałek-Kawa, Joanna Piechowiak-Lamparska, Anna Ratke-Majewska, 2017-01-06 History is a powerful tool in the hands of politicians and can be a destructive weapon since power over the past is the power to decide who is a hero and who is a traitor Tradition the memory of ancestors and the experience of previous generations are the keys that unlock the door to citizens minds and allow certain ideas visions and political programs to flourish However can history be a proper political weapon during democratisation processes when the past is clearly separated from the present Are the new order and society founded on the basis of some interpretation of the past or rather are they founded only with reference to the imagined future of the nation This book explores such questions through a detailed description of the use of remembrance policies during political transformations It discusses how interpretations of the past served the accomplishment of transitional objectives in countries as varied as Chile Estonia Georgia Poland South Africa and Spain The book is a unique journey through different parts of the world different cultures and different political systems investigating how history was remembered and forgotten by certain democratic leaders Individual chapters discuss how governments remembrance policies were used to create a new citizen to change a political culture and to justify the vision of the society promoted by the new elites They explain why some difficult topics were avoided by politicians and why sometimes there was no transitional justice or punishment of the leaders of the authoritarian state The book will be of interest to anyone wishing to explore policies of remembrance democratisation and the role of memory in contemporary societies **Globalization and Transformations of Social Inequality** Ulrike Schuerkens, 2010-06-10

Social inequality is a worldwide phenomenon Globalization has exacerbated and alleviated inequality over the past twenty five years This volume offers analytical and comparative insights from current case studies of social inequality in more than ten countries within all the major regions of the world Contributors provide an assessment of the overall social globalization phenomenon in the global world as well as an outlook of transformations of global social inequality in the future This book will be a timely addition for students and scholars of globalization studies social inequality sociology and cultural and social anthropology **Central and Southeast European Politics since 1989** Sabrina P. Ramet, 2010-02-18 The only textbook to provide a complete introduction to post 1989 Central and Southeast European politics this dynamic volume provides a comprehensive account of the collapse of communism and the massive transformation that the region has witnessed It brings

together 23 leading specialists to trace the course of the dramatic changes accompanying democratization. The text provides country by country coverage identifying common themes and enabling students to see which are shared throughout the area giving them a sense of its unity and comparability whilst strengthening understanding around its many different trajectories. The dual thematic focus on democratization and Europeanization running through the text also helps to reinforce this learning process. Each chapter contains a factual overview to give the reader context concerning the region which will be useful for specialists and newcomers to the subject alike.

Youth and the State in Hungary Laszlo Kurti, 2002-07-20

Youth and the State in Hungary takes as its focus the nature of Hungary's youth movements over the last seventy years. In a detailed ethnographic study Laszlo Kurti examines the lives of youth workers in the Csepel district of Budapest in the context of the wider political and economic transformations witnessed during the twentieth century. Kurti follows State Youth relations from the inter war capitalism that made peasants into workers through the post war state socialism Stalinism and after to the reintroduction of capitalism in 1990. This time frame allows an exploration of the transformations and dilemmas of youth class gender and ethnicity as they develop across time. In the course of this study two main themes emerge the reproduction of class in youth culture across shifting socio economic conditions and the mobilisation of youth movements in resistance to the state. Youth and the State in Hungary challenges the orthodox equation of youth and resistance by arguing that youth mobilisation has in fact served the interests of the state. Nevertheless there remains a genuine space for resistance and contestation in the reproduction of youth culture.

Der Nationalstaat im Wandel Seraina Gilly, 2002 Nationalismus und Nationalstaat haben im Zuge des Zusammenbruchs des real existierenden Sozialismus in Osteuropa eine Renaissance erfahren während in der westlichen Welt Phänomene wie Integration Globalisierung und Postmoderne den Nationalstaat in zunehmendem Masse relativieren. Die postkommunistischen Staaten wollen in diese westliche Staatenwelt integriert werden. Europa ist ihr Ziel sowohl in politischer als auch in ökonomischer und kultureller Hinsicht. Dies stellt die osteuropäischen Länder bei der Rekonstruktion ihrer Nationalstaaten vor besondere Herausforderungen. Im vorliegenden Buch wird gezeigt wie die estnische Nation sich innerhalb des Zarenreiches und der Sowjetunion formierte und sich von den Grossreichen emanzipierte und wie schliesslich 1918 beziehungsweise 1991 der Estnische Nationalstaat entstand. In zwei Zeitfenstern werden dann verschiedene Themenbereiche des gesellschaftlichen Lebens untersucht und anschliessend miteinander verglichen. Der Vergleich der beiden durch die 50-jährige kommunistische Okkupation getrennten Unabhängigkeitsphasen zeigt die Entwicklung des estnischen Nationalstaates im 20. Jahrhundert auf und analysiert die immer komplexer werdenden Herausforderungen mit welchen die osteuropäischen Transformationsstaaten konfrontiert sind. Durch seinen Handbuchcharakter bietet der Band eine solide Ausgangsbasis für vertiefte Studien in Teilbereichen der estnischen Geschichte des 20. Jahrhunderts. Auch für den an Estland interessierten Laien enthält er zahlreiche Informationen.

Human Rights in Changing Times G. P. Agarwal, Sunil K. Choudhary, Reenu Gupta, 2014-06-12 This book is an outcome of a two

day international conference convened to discuss the changing notion of human rights from different perspectives While focusing on the increasing relevance of human rights in an era of globalization the book analyses the various legal political socio economic gender ecological and international dimensions of this issue From the large number of papers presented at the conference sixteen articles have been selected for this volume These are presented in four parts namely politico legal socio economic ecological and gender and the transnational The introductory section presents the major issues and concerns highlighted by the editors and carries the keynote address by Professor Yogesh Atal Written by both young and veteran social scientists the book presents a unique combination of theoretical and practical studies of human rights in comparative perspectives The book will attract readership from the academe human rights activists and the concerned citizenry and will be useful to students of law political science public administration and sociology *Jahrbuch Für Pädagogik* ,2004
