Poverty Policy And Food Security In Southern Africa:

Poverty, Policy, and Food Security in Southern Africa Coralie Bryant, 1988 Examines the prospects for development in Southern Africa focusing on food related issues and the relationship between policy and poverty **Food and Nutrition Security in Southern African Cities** Bruce Frayne, Jonathan Crush, Cameron McCordic, 2017-12-22 Urban population growth is extremely rapid across Africa and this book places urban food and nutrition security firmly on the development and policy agenda It shows that current efforts to address food poverty in Africa that focus entirely on small scale farmers to the exclusion of broader socio economic and infrastructural approaches are misplaced and will remain largely ineffective in ameliorating food and nutrition insecurity for the majority of Africans Using original data from the African Food Security Urban Network s AFSUN extensive database it is demonstrated that the primary food security challenge for urban households is access to food Already linked into global food systems and value chains Africa s supply of food is not necessarily in jeopardy Rather the widespread poverty and informal urban fabric that characterizes Africa s emerging cities impinge directly on households capacity to access food that is readily available Through the analysis of empirical data collected from 6 500 households in eleven cities in nine countries in Southern Africa the authors identify the complexity of factors and dynamics that create the circumstances of widespread food and nutrition insecurity under which urban citizens live They also provide useful policy approaches to address these conditions that currently thwart the latent development potential of Africa s expanding urban population *Hunger and Poverty in South Africa* Jacqueline Hanoman, 2017-09-01 *Hunger and Poverty in South Africa The Hidden Faces of Food Insecurity* explores food insecurity as an issue of socioeconomic political cultural and environmental inequity and inequality Based on extensive original research in Free State Province South Africa the book explores how people living in poverty make meaning of their food circumstances within the socio cultural political and economic contexts of post apartheid South Africa how they view the government s food security policies and programs and their perceived agency to affect change The personal narratives contained in the book show that food insecurity is shaped by many issues among which are structural poverty racism attempts or non attempts at reconciliation during and after apartheid public health issues such as HIV AIDS and environmental circumstances At a time when most discourse around food insecurity focuses on how to provide more food to people facing hunger this book s multidimensional approach is a valuable contribution to the contemporary dialogue on poverty food security insecurity sustainability and democratic agency both within South Africa and around the world This book will be of interest to researchers in the areas of food security multidimensional poverty democratic agency and sustainable development both in South Africa and internationally Konflikt und Entwicklung im Südlichen Afrika Peter Meyns, 2013-03-09 Die Region des Südlichen Afrika stellte jahrzehntelang einen der brisantesten Konfliktherde auf dem afrikanischen Kontinent ja in der Dritten Welt insgesamt der Zentraler wenngleich nicht alleiniger Unruhefaktor der Region war das Apartheidregime in S dafrika Die

Situation im S dlichen Afrika war zugleich durch andere Konfliktmomente wie den Ost West Konflikt sowie lokale Machtkonflikte gepr gt Um die Komplexit t der regionalen Konflikte und der Entwicklung zu erfassen wird auf vertikaler Ebene eine Konfliktanalyse vorgenommen die die internationale regionale und nationale Dimension umfa t Auf einer horizontalen Ebene behandelt der Autor die verschiedenen Dimensionen des Sicherheitsbegriffs milit rische politische wirtschaftliche gesellschaftliche und kologische Dimensionen In einer historischen Analyse werden schlie lich die verschiedenen Phasen der Entwicklung im S dlichen Afrika und die je spezifischen Merkmale der Konfliktkonstellationen im zeitlichen Verlauf dargestellt Das Buch zeigt da auch nach dem Ende der Apartheid die fortbestehenden Ungleichheiten zwischen S dafrika und dem brigen S dlichen Afrika die regionale Entwicklung pr gen und neues Konfliktpotential enthalten

Land Management and Food/Nutrition (In)Security In Mixed Farming Systems Ermias Teferi Demessie,Karuturi Venkata Suryabhadgavan,Tibebu Kassawmar,Matebu Tadesse,Abebe Shiferaw Dakka,Gizaw Desta,Mirgissa Kaba,2025-03-21 The need to increase agricultural productivity due to the high demand of animal feeding and to provide food for growing global population has placed intense pressure on the agriculture landscape causing land degradation This issue has heavy consequences on smallholder farmers which constitute the majority of the global agricultural community making the access to sustainable nutrition ambitious for many communities Reducing land degradation understanding the process causes and effects and improving the management of natural resources became among the targets of Sustainable Development Goals Nowadays the implementation of context specific and innovative land management practices is a widely recognized solutions to ending land degradation Hurni et al 2010 Despite this it has never been implemented as widely as intended and little is known about their effectiveness in terms of restoring landscapes and boosting food and nutrition security The lack of long term observations and actions contributed to the limited knowledge available about the role of land management practices in food security To this end assessing and documenting the role and effectiveness of land management practices in food security is a relevant and critical research issue that requires appropriate attention This Research Topic aims to collect articles to address i best land management practices in effectively transforming degraded landscapes to food producing landscapes and ii documenting success and failure stories of land management practices in addressing food and nutrition security
