*Psychology: the Motive Powers, Emotions, Conscience, Will* James McCosh, 1887 In this volume, I unfold the characteristics of the motive powers as they are called: the orective, the appetent, the impulsive powers, the feelings, the sentiments, the affections, the heart, as distinguished from the Gnostic, the cognitive, the intellect, the understanding, the reason, the head. These motive powers fall under three heads: the emotions, the conscience, the will. It is not to be understood that these are unconnected with each other or with the cognitive; emotions contain an idea which is cognitive.
