assumes that Shakespeare's Midsummer Night's Dream is a play that lives off seemingly incompatible contradictions A Midsummer Night's Dream and The Tempest a play it prefigures in important ways share the distinction of illustrating better than any other plays Shakespeare's device of juxtaposing extremes for the purpose of indicating a golden mean Bipolar oppositions that can immediately be recognized are civilization and nature which are juxtaposed in the confrontation of the court of Athens and the forest In addition man and woman are working against each other in the unequal couples of Theseus and Hippolyta Oberon and Titania and arch conservative Egeus and his daughter Hermia Concentrating on the opposition between town the court of Athens and wilderness the forest this essay is dedicated to an examination of the underlying force that drives the development of the plot opposition Furthermore the essay will examine two filmic versions of A Midsummer Night's Dreamfrom different times and compare their representation of the opposing forces Max Reinhardt's 1935 and Michael Hoffmann s 1999 A Midsummer Night s Dreamhave been chosen as the two different movie versions of the play that can stand as representatives for different time periods and different approaches towards Shakespeare on film The comparative analysis of the films will be based on the results of the play s analysis which will deal with the primary opposition established in the play the opposition between the court of Athens the realm of law and order and the forest the realm of dreams and chaos and its reflection in the relationship between man and woman which also exhibits strong traits of a polarized oppositional relationship The basic assumption on which the paper is based is that the 1935 movie version of the play subverts the play s concepts of the orderly town and the chaotic wilderness In the film the court of Athens is in a state of disorderly flux from carnival to a brief display of authority and back to carnival whereas paradoxically the wilderness is governed by a sense of order The characterization of Oberon as a haughty king who maintains order does not permit a portrait of the woods as ultimately unruly and chaotic Shakespeare's A Midsummer-night's Dream William SHAKESPEARE'S A MIDSUMMER-NIGHT'S DREAM WILLIAM.
