Shakespeares Early History Plays From Chronicle To Stage

Joseph Rosenblum

Shakespeare's Early History Plays From Chronicle To Stage:

Shakespeare's History Plays A. J. Hoenselaars, 2004-09-23 This volume with a foreword by Dennis Kennedy addresses a range of attitudes to Shakespeare's English history plays in Britain and abroad from the early seventeenth century to the present day. It concentrates on the play texts as well as productions, translations and adaptations of them. The essays explore the multiple points of intersection between the English history they recount and the experience of British and other national cultures, establishing the plays as genres not only relevant to the political and cultural history of Britain but also to the history of nearly every nation worldwide. The plays have had a rich international reception tradition but critics and theatre historians abroad, those practising foreign Shakespeare, have tended to ignore these plays in favour of the comedies and tragedies. By presenting the British and foreign Shakespeare traditions side by side, this volume seeks to promote a more finely integrated world Shakespeare.

Shakespeare's Early History Plays Dominique Goy-Blanquet, 2003 Like many of his fellow playwrights, Shakespeare turned to national history for inspiration. In this study, Dominique Goy-Blanquet provides a close comparison of the Henry VI plays and Richard III with their historical and theatrical sources, demonstrating how Shakespeare was able to meet not only the ideological but also the technical problems of turning history into drama: how by cutting, carving, shaping, casting his unwieldy material into performable plays, he matured into the most influential dramatist and historian of his time. Recent criticism of Shakespeare's history plays has often consisted of fierce arguments over their ideological import and Shakespeare's position on the spectrum of current political opinions. This book, however, stems from the belief that a more constructive starting point for research is the exploration of the technical problems raised by turning heavy narratives into performable plays rather than the political motives that could inspire a playwright's representation of national history. Illuminating and instructive, *Shakespeare's Early History Plays* includes not only close investigation of the verbal, poetic and political texture of the plays but also provides a broad overview of the wider sixteenth-century historiographical contexts of the plays and their significance to Shakespeare's oeuvre more generally.

Arden Shakespeare Third Series Complete Works Ann Thompson, David Scott Kastan, H. R. Woudhuysen, Richard Proudfoot, 2020-10-15 This new Complete Works marks the completion of the Arden Shakespeare Third Series and includes all of Shakespeare's plays, poems and sonnets, edited by leading international scholars. New to this edition are the apocryphal plays *Part One* and *Part Two* written by Shakespeare, *Double Falsehood* by Sir Thomas More and *King Edward III*. The anthology is unique in giving all three extant texts of *Hamlet* from Shakespeare's time: the first and second Quarto texts of 1603 and 1604/5 and the first Folio text of 1623. With a simple alphabetical arrangement, the Complete Works are easy to navigate. The lengthy introductions and footnotes of the individual Third Series volumes have been removed to make way for a general introduction, short individual introductions to each text, a glossary and a bibliography, instead, to ensure all works are accessible in one single volume. This handsome Complete Works is ideal for readers keen to explore Shakespeare's work and for anyone building their literary library.

Imagining Time in the English Chronicle Play Marissa Nicosia, 2023-09-15 *Imagining Time in the English Chronicle Play* Historical Futures 1590 1660 argues that dramatic narratives about monarchy and succession codified speculative futures in the early modern English cultural imaginary This book considers chronicle plays plays written for the public stage and play pamphlets composed when the playhouses were closed during the civil wars in order to examine the formal and material ways that playwrights imagined futures in dramatic works that were purportedly about the past Through close readings of William Shakespeare's 1 2 Henry IV Richard III Shakespeare's and John Fletcher's All is True Samuel Rowley's When You See Me You Know Me John Ford's Perkin Warbeck and the anonymous play pamphlets The Leveller's Levelled 1 2 Craftie Cromwell Charles I and Cromwell's Conspiracy the volume shows that imaginative treatments of history in plays that are usually associated with the past also had purchase on the future While plays about the nation's past retell history these plays are not restricted by their subject matter to merely document what happened Playwrights projected possible futures in their accounts of verifiable historical events

The Definitive Shakespeare Companion Joseph Rosenblum, 2017-06-22 This expansive four volume work gives students detailed explanations of Shakespeare's plays and poems and also covers his age life theater texts and language Numerous excerpts from primary source historical documents contextualize his works while reviews of productions chronicle his performance history and reception Shakespeare's works often served to convey simple truths but they are also complex multilayered masterpieces Shakespeare drew on varied sources to create his plays and while the plays are sometimes set in worlds before the Elizabethan age they nonetheless parallel and comment on situations in his own era Written with the needs of students in mind this four volume set demystifies Shakespeare for today's readers and provides the necessary perspective and analysis students need to better appreciate the genius of his work This indispensable ready reference examines Shakespeare's plots language and themes his use of sources and exploration of issues important to his age the interpretation of his works through productions from the Renaissance to the present and the critical reaction to key questions concerning his writings The book provides coverage of each key play and poems in discrete sections with each section presenting summaries discussions of themes characters language and imagery and clear explications of key passages Readers will be able to inspect historical documents related to the topics explored in the work being discussed and view excerpts from Shakespeare's sources as well as reviews of major productions The work also provides a comprehensive list of print and electronic resources suitable for student research
