Nord und Süd ,1879 *Nord und Süd* ,1879 *The Ignorance of Shakespeare* John Doherty,2012 Did William
Shakespeare write the plays usually attributed to him or was he an imposter Many claims have been advanced supporting
rival authors based to a large extent on Shakespeare s presumed ignorance and inability but no one has ever succeeded in
proving beyond doubt that their candidate was the real writer Nor it must be said has anybody proved conclusively the case
for Shakespeare His name however appears on the title pages of every edition of the plays published over the last three
hundred years or so This should be a strong point in his favour but his opponents claim it can be explained away as part of
the imposture Those supporting alternative authors do best when they show that their proteges had the education and access
to sources necessary to write the plays Can the same be said for William Shakespeare The Ignorance of Shakespeare does
not attempt to answer all rival claims in detail a project that would require several volumes Rather it aims to show that it is
far more likely than not that Shakespeare was well educated and had access to the reference books and source books
