One-Track Mind Asif Siddiqi, 2022-08-30 The song remains the most basic unit of modern pop music Shaped into being by historical forces cultural aesthetic and technical the song provides both performer and audience with a world marked off by a short discrete and temporally demarcated experience One Track Mind Capitalism Technology and the Art of the Pop Song brings together 16 writers to weigh in on 16 iconic tracks from the history of modern popular music Arranged chronologically in order of release of the tracks and spanning nearly five decades these essays zigzag across the cultural landscape to present one possible history of pop music There are detours through psychedelic rock Afro pop Latin pop glam rock heavy metal punk postpunk adult contemporary rock techno hip hop and electro pop here More than just deep histories of individual songs these essays all expand far beyond the track itself to offer exciting and often counterintuitive histories of transformative moments in popular culture Collectively they show the undiminished power of the individual pop song both as distillations of important flashpoints and in their afterlives as ghostly echoes that persist undiminished but transform for succeeding generations Capitalism and its principal good capital help us frame these stories a fact that should surprise no one given the inextricable relationship between art and capitalism established in the twentieth century At the root readers will find here a history of pop with unexpected plot twists colorful protagonists and fitting denouements

qui a exploré toutes les pistes musicales sans se laisser influencer par le business. Et qui n'a jamais cessé de travailler. Aujourd'hui 66 ans, le Canadien de Toronto poursuit ses tournées et enregistre toujours des disques, certes pas tous aussi géniaux que *Harvest* 1972 ou *Rust Never Sleeps* 1979, mais jamais banals. Comme son compère Dylan, le seul qui il puisse être comparé. Young a entamé un never ending tour, un combat pour les valeurs auxquelles il croit, dont fait partie bien sûr la musique. Riche en témoignages et en documents inédits, voici le portrait d'un artiste d'exception, brossé avec brio par Durchholz et Graff, deux stars de la rock critique américaine. Un exercice d'admiration, mais sans nostalgie. Hey Hey My My, Rock n'roll can never die.
