Shamanic Wisdom In The Pyramid Texts The Mystical Tradition Of Ancient Egypt:

Shamanic Wisdom in the Pyramid Texts Jeremy Naydler, 2004-12-09 A radical reinterpretation of the Pyramid Texts as shamanic mystical wisdom rather than funerary rituals Reveals the mystical nature of Egyptian civilization denied by orthodox Egyptologists Examines the similarity between the pharaoh's afterlife voyage and shamanic journeying Shows shamanism to be the foundation of the Egyptian mystical tradition To the Greek philosophers and other peoples of the ancient world Egypt was regarded as the home of a profound mystical wisdom While there are many today who still share that view the consensus of most Egyptologists is that no evidence exists that Egypt possessed any mystical tradition whatsoever Jeremy Naydler's radical reinterpretation of the Pyramid Texts the earliest body of religious literature to have survived from ancient Egypt places these documents into the ritual context in which they belong Until now the Pyramid Texts have been viewed primarily as royal funerary texts that were used in the liturgy of the dead pharaoh or to aid him in his afterlife journey This emphasis on funerary interpretation has served only to externalize what were actually experiences of the living not the dead king In order to understand the character and significance of the extreme psychological states the pharaoh experienced states often involving perilous encounters with alternate realities we need to approach them as spiritual and religious phenomena that reveal the extraordinary possibilities of human consciousness It is the shamanic spiritual tradition argues Naydler that is the undercurrent of the Pyramid Texts and that holds the key to understanding both the true nature of these experiences and the basis of ancient Egyptian mysticism

Ancient Egypt and Modern Psychotherapy Todd Hayden, 2016-12-19 In *Ancient Egypt and Modern Psychotherapy* Todd Hayden explores what the spiritual concepts of the enigmatic ancient Egyptians can teach us about our own modern psyches and the pursuit of a meaningful life Hayden examines the ancient Egyptians' possession of a concept contemporary academics have labeled consciousness of the heart an innate knowledge of the entirety of the universe While all human beings possess this consciousness of the heart our modern culture has largely lost the ability to tap into this inborn knowledge By examining the material accomplishments of ancient Egypt and how their seemingly deeper awareness of their inner world created a harmonious outer world we can begin to understand how modern psychotherapy through a Jungian perspective could be instrumental in achieving a more profound and meaningful personal experience of life *Ancient Egypt and Modern Psychotherapy* will be insightful reading for analytical psychologists in practice and in training Jungian psychotherapists and psychologists and academics and students of Jungian and post Jungian studies and ancient spirituality
