Economic Development and Inequality in China Hong Yu,2017-09-29 The conventional belief that all regions have equally benefited from China s remarkable development over the last three decades is subjected to criticism in this book as Hong Yu systematically analyses the issue of regional inequality during the post 1978 period using the case of Guangdong Guangdong is one of the key industrial centres and economic powerhouses in China and as a pioneer province instigating economic reform as China opened up to the world it offers an ideal focus upon which to question and enrich the Western theories of economic geography and regional disparity Based on field research analysis of geographic characteristics and regression models this book illustrates how Guangdong s impressive development record has been marred by its rising regional disparity investigates the main causes of this disparity and draws conclusions regarding the lessons China can learn from it Economic Development and Inequality in China will be of interest to students and scholars of Chinese economics Chinese regional studies economic geography and China Studies Hong Yu is a Visiting Research Fellow at the National University of Singapore His research interests lie in the field of regional economy He is the author of a chapter on China s two delta regions in the book *China and The Global Economic Crisis* *Provincial Strategies of Economic Reform in Post-Mao China* Peter T. Y. Cheung,Zhimin Lin,1998 This book studies economic decentralization in eight Chinese provinces Shanghai Zhejiang Guangdong Shaanxi Shandong Fujian Hainan and Sichuan by focusing on the role of provincial leadership in the initiation and implementation of economic reform

Globalization, the Third World State and

Poverty-Alleviation in the Twenty-First Century B. Ikubolajeh Logan, 2017-11-22 This title was first published in 2002 Bringing together an inspiring mix of US and African contributors this book explores the dynamics of the unfolding globalized economic political socio cultural and environmental systems Featuring incisive international commentary on the causes and consequences of poverty in the Third World it presents a powerful study of the strategies by which Third World governments and civil society can overcome poverty by insinuating themselves more creatively into the global order The result is one of the defining works so far produced on the tensions between globalization and development **Chinese Science and Technology Industrial Parks** Susan M. Walcott, 2017-11-30 Title first published in 2003 This book examines types of advanced technology Chinese districts set aside for developing products for national and global markets Culminating in a proposed best practice model for Chinese integration into global networks based on China's own particular political economy

China's WTO Accession Reassessed Wang Luolin, 2015-02-20 China's accession to the World Trade Organisation in 2001 was a highly significant event both for China and for the wider world This book argues that although at the time some people doubted the likely benefits China's WTO accession has been highly successful It discusses how China has abided by its commitment to WTO terms and how WTO membership has contributed to China's reform and opening up explores how vastly increased co operative exchange with many countries around the world has been mutually beneficial in a range of fields including trade science and culture and shows how China's WTO membership has been a great stimulus both for China's economy and the world economy The book considers the subject from a number of perspectives and draws out lessons for future reform and development for China and for China's relations with the rest of the world emphasising the need to maintain a win win approach International Trade Policy and the Pacific Rim Alan Woolan d, 2016-07-27 International trade and investment have flourished globally but nowhere so spectacularly as in the Asia Pacific region This volume brings together some of the most eminent economists in the field to analyse this vital region from both theoretical and empirical perspectives The volume focuses especially on trade policy and welfare game theory analysis of trade policy and the linkages between trade policy and endogenous growth China's Economic Reform and Development during the 13th Five-Year Plan Period Gang Lin, Yiming Wang, Xiaohe Ma, Debu Gao, 2020-09-23 Five Year Plans have been a cornerstone of Chinese social and economic development initiatives since 1953 During the thirteenth of these periods between 2016 and 2020 the global economy has experienced instability after the financial crisis as well as political and economic reconfiguration Drawing on modern economic theory this book comprehensively discusses China's economic development in this crucial phase The book analyzes the international economic environment and asks how China's continued reform and opening up can fit with the new era of economic globalization It also presents the difficulties China faces in such fields as urbanization the coordination of regional development and urban rural integration economic reform and the reform of factor markets and state owned enterprises The book outlines many medium term development rules along with key characteristics of China's economy
