Shape Of Catholic Higher Education:

The Shape of Catholic Higher Education Robert Hassenger, 1967 **The Shape of Catholic Higher Education** Robert Hassenger, 1967 *Catholic Higher Education* Francisco Goya, 1967 **The Shape of Catholic Higher Education** Robert Hassenger, 1967 *Catholic Higher Education* Melanie Morey, John Piderit, 2010-05-28 Today Catholic colleges and universities are dealing with critical questions about what constitutes Catholic collegiate identity Based on their research Morey and Piderit describe the present situation and offer concrete suggestions for enhancing Catholic identity culture and mission at all Catholic colleges and universities The authors define the critical issues and analyze and address them by using the rich construct of culture particularly organizational culture and they provide four different models of how Catholic colleges and universities can operate and successfully compete as religiously distinctive institutions in the higher education market *Handbook of Research on Catholic Higher Education* Kendall Hunt, Ellis A. Joseph, Ronald J. Nuzzi, John O. Geiger, 2003-08-01 The Handbook of Research of Catholic Higher Education provides an important and timely overview for scholars and students interested in understanding this important sector of private higher education More importantly it is an important resource for those faculty staff and administrators interested in shaping the distinctiveness of Catholic colleges and universities The Handbook provides chapters presenting a thematic overview of a particular element of Catholic higher education and in addition provides an extensive bibliography resource of further reading While some of the chapters will appeal to those with specialized interests e g legal affairs finance and community relations the chapters on mission and religious identity history and the documents on Catholic higher education provide an important perspective on the challenges facing Catholic higher education and should be read by everyone involved in Catholic colleges and universities The Handbook of Research of Catholic Higher Education is an important resource for understanding and shaping the distinctiveness of Catholic higher education Building Catholic Higher Education Christian Smith, John C. Cavadini, 2014-07-29 American Catholic universities and colleges are wrestling today with how to develop in ways that faithfully serve their mission in Catholic higher education without either secularizing or becoming sectarian Major challenges are faced when trying to simultaneously build and sustain excellence in undergraduate teaching strengthen faculty research and publishing and deepen the authentically Catholic character of education This book uses the particular case of the University of Notre Dame to raise larger issues to make substantive proposals and thus to contribute to a national conversation affecting all Catholic universities and colleges in the United States and perhaps beyond today Its arguments focus particularly on challenging questions around the recruitment hiring and formation of faculty in Catholic universities and colleges **The Shape of Catholic Higher Education. Edited by Robert Hassenger** Robert HASSENGER, 1967 The Functional Analysis of Conflict in Catholic Higher Education Frederick Reese Clark, 1968 A History of Changing Patterns of Objectives in Catholic Higher Education for Women in Michigan Gabrielle Henning, 1969 Sister Gabrielle uses the charters and catalogues of selected colleges in

order to document changes in educational objectives through the years She concludes that these institutions have consistently maintained their commitment to Catholic education and have emphasized intellectual development and moral training and service to church and country In addition these colleges have attempted to meet the challenges of a changing society by including pre professional professional and vocational courses in their curriculum **Jesuit Higher Education** Rolando E. Bonachea,1989 The Impact of College on Students: An analysis of four decades of research Kenneth A. Feldman,Theodore Mead Newcomb,1969 Contending with Modernity Philip Gleason,1995 A detailed history of Catholic higher education in the USA which emphasizes the intellectual and institutional dimensions of the subject The Catholic University Bulletin Catholic University of America,1895 *Higher Schools and Universities in Germany* Matthew Arnold,1874 **A History of Sociological Research and Teaching at Catholic Notre Dame University, Indiana** Anthony J. Blasi,Bernard F. Donahoe,2002 In a series of documented chapters this work places the emergence of sociology at Notre Dame in the context of that institution s particular history and of the changing doctrines of Roman Catholicism more generally **Catholic High Schools** James L. Heft S. M.,2011-06-01 Catholic high schools in the United States have been undergoing three major changes the shift to primarily lay leadership and teachers the transition to a more consumerist and pluralist culture and the increasing diversity of students attending Catholic high schools James Heft argues that to navigate these changes successfully leaders of Catholic education need to inform lay teachers more thoroughly conduct a more profound social analysis of the culture and address the real needs of students After presenting the history of Catholic schools in the United States and describing the major legal decisions that have influenced their evolution Heft describes the distinctive and compelling mission of a Catholic high school Two chapters are devoted to leadership and other chapters to teachers students alternative models of high schools financing and the key role of parents who today may be described as post deferential to traditional authorities including bishops and priests Written by an award winning teacher scholar and recognized educational leader in Catholic education Catholic High Schools should be read by everyone interested in religiously affiliated educational institutions particularly Catholic education *The Australian Journal of Higher Education* ,1970 *Catholic Higher Education in the 1960s* Anthony J. Dosen,2009 In Catholic Higher Education in the 1960s Issues of Identity Issues of Governance Anthony J Dosen C M provides a behind the scenes look at how six different Catholic colleges and universities approached questions about governance and Catholic identity at a pivotal time of American Catholic higher education In so doing he demonstrates both the variety that is a hallmark of Catholic higher education and the essential role that presidents play in shaping the Catholic character and culture of their institutions A significant shift in governance took place in Catholic colleges and universities around the time of the Second Vatican Council At the same time secularizing trends and concerns about how Catholic colleges and universities should understand and sustain their Catholic identity also began to surface This led to the unfortunate belief by some that laicization and secularization were linked in a cause and

effect relationship Dosen clearly shows that is not the case Rather he demonstrates that broader cultural realities institutional attitudes cultures histories and strong presidential leadership combined to shape how Catholic colleges and universities structured governance and understood the dynamics and dimensions of Catholic identity The general pattern of laicization and secularization that is readily apparent across Catholic higher education masks a much richer and more complex reality that helps explain why there is to this day no one model of how to be a Catholic college or university The US Catholic culture wars have polarized opinion on the Catholicity of Catholic colleges and universities Dosen s book offers a welcome careful analysis of just how six Catholic colleges and universities navigated the identity storms of the 1960s Those who take the time to read this book will find that sweeping generalizations about what happened then are simply wrong Fr James Heft S M University of Southern California President of the Institute for Advanced Catholic Studies **Irish Monthly Magazine** ,1898 *The Debate on the Second Reading of the University Education (Ireland) Bill* Great Britain.
