Shaping A House For The Church:

Shaping a House for the Church Marchita B. Mauck, 1989-10 This book proposes that a church building has a double responsibility It must both reflect and form a people The place itself shares the mission of the liturgical assembly to be sign witness and instrument of the reign of God All who have concern and responsibility for the places of liturgy must look at exactly what the assembly does at its rites and how and why they are celebrated It is those actions that must shape the house for the church This book is intended for pastors and building committees architects artists and all who become involved in the designing or renovation of places for worship

Shaping the Church Martyn Percy, 2010 Shaping the Church seeks to dynamically alter the way that theologians ecclesiologists students of religion and ministers look at the church Taking the ideas of composition formation and vocation as basic ecclesial categories Martyn Percy explores how apparently innocent and incidental material is in fact highly significant for the shaping of theological and ecclesiological horizons The Introduction sets the tone with a meditation on how the apparently ordinary scent of a country church can be redolent with meaning setting the tone of expectation in relation to subsequent worship This book is not however simply about reading meanings into events ideas conversations and contexts Rather it sets out to faithfully interpret much of the material that surrounds us yet is often taken for granted or more usually unnoticed The book is an invitation to involve the scholar or minister paying close and patient attention to beliefs language artefacts rituals practices and other material all of which are constitutive for ecclesial life and theological identity

From 'Mission-Shaped' to 'Jesus-Shaped' Church Susan Beverley Cross, 2025-03-10 Hospitality is often invoked without question in Church of England discourse but the importance of the practice to contemporary mission has not been subject to detailed analysis This book provides otherwise elusive in depth theological examination of the scope of Christian understandings of hospitality From feasting in the Hebrew Scriptures and foot washing in the New Testament to online Communion during the COVID 19 pandemic hospitality is more than welcome or the evangelistic hospitality of the Alpha Course or Messy Church So this book encompasses racism ageing poverty tragedy storytelling minds bodies and belonging as well as the implications of allying food to Christian formation It shows that Christian hospitality has relevance not only to mission but also to ecclesiology eschatology disability theology and social and ecological justice

Historical Attitudes That Have Shaped the Church's Use of the Arts Matthew R. S. Todd, Matthew Todd reflects on two millennia of religious action reaction and inaction with the arts His composition mines the question What attitudes have shaped the Church's use of the arts The book briefly addresses a range of diverse attitudes encompassing the disciplines of theology philosophy sociology humanities aesthetics and psychology A panorama of attitudes are winnowed out from historical epochs in the Ancient Medieval Reformational and Modern Postmodern Church What emerges is that the Church's attitudes towards the arts is mixed and deeply impacted by secular practices renewal philosophical movements and theological interpretation Two things can be stated at the outset first the Church's attitudes

towards the arts have not been conceived in a vacuum Secondly as C S Lewis pointed out when Christian activities have been directed toward this present world the arts have tended to flourish in its neighborhood This is the first book I ve seen that shows the diversity of attitudes that have shaped the Church s involvement in the arts to the present day The Church s attitudes towards the arts have often been shaped by various movements and interpretations Often today I find Christians largely unaware of how much Western culture has been shaped by Christian values Matthew helps us get a more informed perspective Dal Schindell Instructor in Art Christianity Director of the Lookout Gallery Regent College *The Nation Form in the Global Age* Irfan Ahmad,Jie Kang,2022-01-29 This open access book argues that contrary to dominant approaches that view nationalism as unaffected by globalization or globalization undermining the nation state the contemporary world is actually marked by globalization of the nation form Based on fieldwork in Africa Asia Europe and the Middle East and drawing among others on Peter van der Veer s comparative work on religion and nation it discuss practices of nationalism vis a vis migration rituals of sacrifice and prayer music media e commerce Islamophobia bare life secularism literature and atheism The volume offers new understandings of nationalism in a broader perspective The text will appeal to students and researchers interested in nationalism outside of the West especially those working in anthropology sociology and history
