Sharing The Promised Land:

In Search of the Promised Land? Katell Berthelot, 2017-11-13 Katell Berthelot challenges the widespread historiographical consensus that the Hasmoneans embarked on wars of conquest in order to reconquer the Promised Land the Biblical Land of Israel She shows that the sources used in support of this consensus such as 1 Maccabees 15 33 35 have been over interpreted She suggests a different approach to this question In particular she argues that in 1 Maccabees the Hasmoneans deliberately imitate the language ascribed to the Seleucid kings and that the discourse on the Land found in 1 Maccabees is congruent with the language of property rights over a given territory in the rhetoric of Hellenistic diplomacy Berthelot s close examination of accounts by Josephus and other writers as well as of archaeological and numismatic data allows her to reconstruct the different factors that led to the Hasmonean wars of conquest Although Hasmonean leaders were clearly motivated by politico religious objectives e g getting rid of competing temples in areas under their control the Deuteronomic commandment to wipe out the inhabitants of the Land and abolish idolatry does not necessarily account for their acts of destruction and the so called forced conversion of the Idumeans the Itureans and other groups Instead Berthelot s analysis of the sources leads her to reach a different conclusion Finally Berthelot investigates the echoes of the Hasmonean wars of conquest in the Dead Sea Scrolls and their memory in rabbinic literature This allows her to show that contrary to expectation there is little evidence that the Hasmonean dynasty was perceived as having reconquered the Promised Land or restored the people of Israel within the borders of the Land of Israel *Popular Stories and Promised Lands* Roger C.

Aden, 2007-07-25 Popular culture stories found in comic strips TV programs magazines and movies gain their popularity by evoking our desires and anxieties Aden offers a well constructed argument that creating a sense of place and with it a sense of personal identity and community serves as an important enticement for many popular cultures works Aden handles contemporary theory deftly and does an excellent job of identifying many of the tensions present in 20th century America Quarterly Journal of Speech Stories encountered at the movies on television and in popular magazines are treated as reflections of the popular culture Believing that the American experience has been guided by a normative narrative or grand narrative that constitutes the American dream Aden holds that stories can be used to extract the rules of a narrative determine the direction and identify conceptions of the promised lands for a culture Critical Studies in Mass Communication
