Shark Squadron Pilot:

Shark Squadron Pilot Bert Horden, 2003-07-09 A graphic illustration of the realities of the air war in the Western Desert Shark Squadron Pilot describes Bert Horden's service with 112 Shark Squadron and the ground attack role of the Kittys With their garish shark's mouths painted on their aircraft 112 Squadron wreaked havoc on the German Afrika Korps inflicting terrible damage with machine gun fire on the soft skinned targets of truck convoys and causing significant damage on the hard skinned Panzers with their under slung bombs Using his diary and flying log book to preserve the accuracy and immediacy of the events Bert Horden has written a superb and extremely graphic account of desert flying Well illustrated throughout with over eighty previously unpublished photographs Shark Squadron Pilot is an important contribution to the recorded history of the Second World War

Kenneth Lee DFC Nick Thomas, 2011-02-28 The heroic life of the pilot who became an ace with one of the most successful fighter squadrons in the RAF and a captive in a notorious Nazi POW camp Following training Lee received his commission and was posted to 501 Squadron which was sent to support the Expeditionary Force in France arriving on 10 May only hours after the Blitzkrieg had been launched Lee quickly opened his score claiming several bombers during the first week of operations Having been wounded when his Hurricane exploded following a dogfight Lee was briefly rested but soon rejoined the Squadron before they moved to their first Battle of Britain base at Middle Wallop Lee scored more damaged and destroyed enemy aircraft and by the end of July he was Mentioned in Dispatches Lee was forced to take to his parachute for the second time learning of the richly deserved award of his DFC while still recovering from his wounds He later recalled how each of the Squadrons aces even Ginger Lacey had been shot down at least twice during that summer Lee was later posted to 112 Shark Squadron flying Curtis Kittyhawks on Fighter and Fighter Bomber missions in North Africa and then to 260 Squadron which was heavily involved in the lead up to the battle of El Alamein seeking out and destroying enemy troop columns and fighting off the Luftwaffe which still had air superiority In March 1943 123 Squadron began Fighter Bomber operations against Mediterranean targets During one Lee was hit by AA and made a forced landing in an olive grove He was captured and sent to Stalag Luft III just in time to play a key role in the Great Escape

A History of the Mediterranean Air War, 1940-1945 Christopher Shores, Giovanni Massimello, Russell Guest, 2012-06-19 This first volume in the seminal series on World War II aerial combat pilots and tactics that reads like an encyclopedia on the subject Portland Book Review In the early days of World War II both Allied and Axis powers extended the theater of war to North Africa where hard fought battles were conducted in the harsh desert But before anyone could claim victory on the ground they had to hold dominion in the air Here historian Christopher Shores has combined his books *Fighters over the Desert* and *Fighters over Tunisia* into one volume as well as adding updated information about the deadly fighter aircraft reconnaissance aircraft and maritime units active in the Mediterranean Full of in depth research and featuring essential maps this is an intimate introspection by these men of their experiences and the respect that they shared

not only for each other but also their adversaries The Military Reviewer *Curtiss P-40* Carl Molesworth,2013-11-20 An improved version of the Allison V 1710 engine gave rise to the Curtiss H 87 which began life in 1941 as the P 40D and featured a completely redesigned fuselage The shorter and deeper nose of the new fighter gave it a decidedly snub nosed appearance compared to the earlier P 40 models Curtiss continued to tweak the H 87 for the next two years in the search for better performance but the last major version the P 40N was only marginally faster than the first In the process Curtiss even tried an engine change to the Packard Merlin in the P 40F and L but to no avail What the late model P 40s lacked in speed and service ceiling they traded for maneuverability durability and availability Their niche became fighter bomber operations and they fought on fronts as varied as the arctic wastes of the Aleutian Islands and Iceland the steaming jungles of the South Pacific and the barren deserts of North Africa P 40s were a common sight in the skies over Burma and China Sicily and Italy and western Russia as well By the time production ceased in 1944 Curtiss had produced nearly 14 000 P 40s

Poles in Defence of Britain Robert Gretzyngier,2002-08-23 The little known WWII story of the Polish Air Force fliers who played a crucial role in the Battle of Britain and beyond To the Polish volunteers who flew and fought so brilliantly and tenaciously throughout the Battle of Britain the United Kingdom was known as Last Hope Island Many lost their lives such as Antoni Ostowicz Many achieved glory and became aces such as Glowacki Skalski and Witorzenc The RAF came to depend on these men with over one hundred Polish pilots supporting almost thirty fighter squadrons most especially 302 303 and 307 night fighter The result of years of research Robert Gretzyngier s book includes detailed combat descriptions personal accounts from combat reports memoirs and diaries from the Polish British and German perspective with in depth biographical data of all Polish pilots including full RAF and PAF careers and much tabular material in appendix form Poles in Defence of Britain is a tremendous account of Polish contribution in those hectic days before the RAF began to take the offensive across the Channel with many previously unpublished photographs from private collections

On Silver Wings James B. Wright,2025-06-05 In July 1940 Desmond Ibbotson joined the RAF Volunteer Reserve hoping to fly Spitfires He achieved his dream aged just 19 eventually completing 650 flying hours in seven types of Spitfire He did two tours of operations with three of the RAF s elite squadrons in the skies over France North Africa and Italy was credited with eleven confirmed victories and awarded the Distinguished Flying Cross and Bar After a dramatic active service that saw him shot down during the Battle of El Alamein captured by Rommel s forces and making a daring escape in 1944 he was promoted and moved to instructor duties at Perugia Italy where he trained experienced pilots returning to the front line or converting to a new fighter type Tragically just over three months later Desmond was killed during a routine test flight that November He was buried in a military cemetery but serious questions would remain about his death How had such an experienced pilot crashed while undertaking such a simple flight And given that he had a marked grave when a Spitfire was excavated from an Italian field sixty two years later why were Desmond s remains still inside The product of over twenty years of meticulous research

On Silver Wings is a detailed study that respectfully relays the events of Desmond's short but eventful life investigating what happened on his tragic final flight and exactly how he came to have two graves
