A Winter of Reality Raafay Awan, 2021-08-01 Years ago I started a blog with the aim of sharing my thoughts and feelings with the world while sitting in the computer lab at my college. The blog turned out to be a success. Biggest blogging network of Pakistan, one of the biggest in the world. It helped me to be included in the list of world's top 100 youngest bloggers back in 2012 and currently has more than 1100 posts and millions of views. But then I wanted something more. Several times over the years I have thought of many ideas, things and plots about which I can write a book, but I just couldn't get the required motivation. Last year though I realised that I have written so many articles and blogs which are scattered here and there, so why not convert them into a book. So here it is: the book of Finding Neverland Blog. It took me the best part of 2020 to edit the previously written articles, find them here and there, compile everything, update entries and write some new posts. You will find articles on a wide range of topics such as fiction, social nonfiction, sports, culture, stories, travel, countries, history and science. I hope people reading this will enjoy around 100,000 words as much as I enjoyed typing them down.
