Shattered Vows Exodus From The Priesthood:

Shattered Vows David Rice,1991 **Priests in Love** Jane Anderson,2006-02-27 Deals with the moral psychological and social challenges faced by Roman Catholic priests who left the active ministry in the 1960s and 1970s to get married men who chose responsible sexual relationships over a life of obligatory celibacy **A Trail of Semen Down Through the Ages** Dr Geraldine Sharp,2018-08-15 Why are men superior Why do men talk of their seed Why do women continue to be oppressed This book provides the answers It is an original ground breaking piece of work and exposes the missing link in theories of male superiority From the ancient world to modern times the possession of semen has provided proof for the superiority of the male Woman was a mistake of nature a misbegotten man a failed male Christianity absorbed these ideas into its sexual theology and the influence of Christian thought in the Western world especially on matters of sexuality cannot be denied The ancient truths about woman as a failed male and man as superior continue to exist and have meaning The three main world religions are complicit in this In light of current knowledge to continue with this discredited theology of semen is to sacrifice truth to the ideology of patriarchy Shattered Vows David Rice,1990 *Blood Guilt* David Rice,1994 What happens to a gunman when his killing days are over In this gripping thriller written by the bestselling author of *Shattered Vows* we meet Con Emmet who is drawn into the Irish republican movement by fiery idealist Maeve Soon he is carrying a gun for Mother Ireland But his first mission goes tragically unspeakably wrong When he is exiled in America Con s journalistic talent brings him nationwide fame and success but his past guilt continues to haunt him and alcohol becomes a panacea When he meets a beautiful young woman and thinks he has another chance at love Maeve returns from his shadowy past and he must make a fearful choice **Books** ,1990 *Fortnight* ,1992 **The Freethinker** ,1990 **Modern Catholicism** Adrian Hastings,1991 When Pope John XXIII convened the Second Vatican Council in 1963 he could not have predicted the dramatic transformation of modern Roman Catholicism that would result from its deliberations Its influence has reached into every aspect of Catholic life and continues to be felt and hotly debated to the present day In this sweeping new study edited by the eminent British Catholic theologian Adrian Hastings a distinguished team of international scholars provides a complete history of the Council and assesses its impact on the last quarter century of Catholic thought and practice The contributors consider the reign of John XXIII and his immediate predecessors and successors the history of the Council and each of the sixteen documents it issued which together represent perhaps the most authoritative church teaching of this century embodying radical changes in the liturgy and greater participation in services by lay members But Vatican II also left behind many unresolved controversies such as celibacy of priests and birth control and the contributors also examine these and other issues including the role of women in the Church homosexuality divorce and war and the nuclear predicament In addition the impact of the Council on different parts of the world is discussed giving full weight to the emergence of liberation theology in Latin America and the Philippines and the desire of African and Asian Catholics to

assimilate aspects of their traditional culture into Church life Modern Catholicism offers us a new map for understanding the challenges faced by the Church as we approach the end of the second millennium of Christianity Commemorating the twenty fifth anniversary of Vatican II this book is destined to become the standard resource on the Council and its influence
